

# Bunny is verdwaald

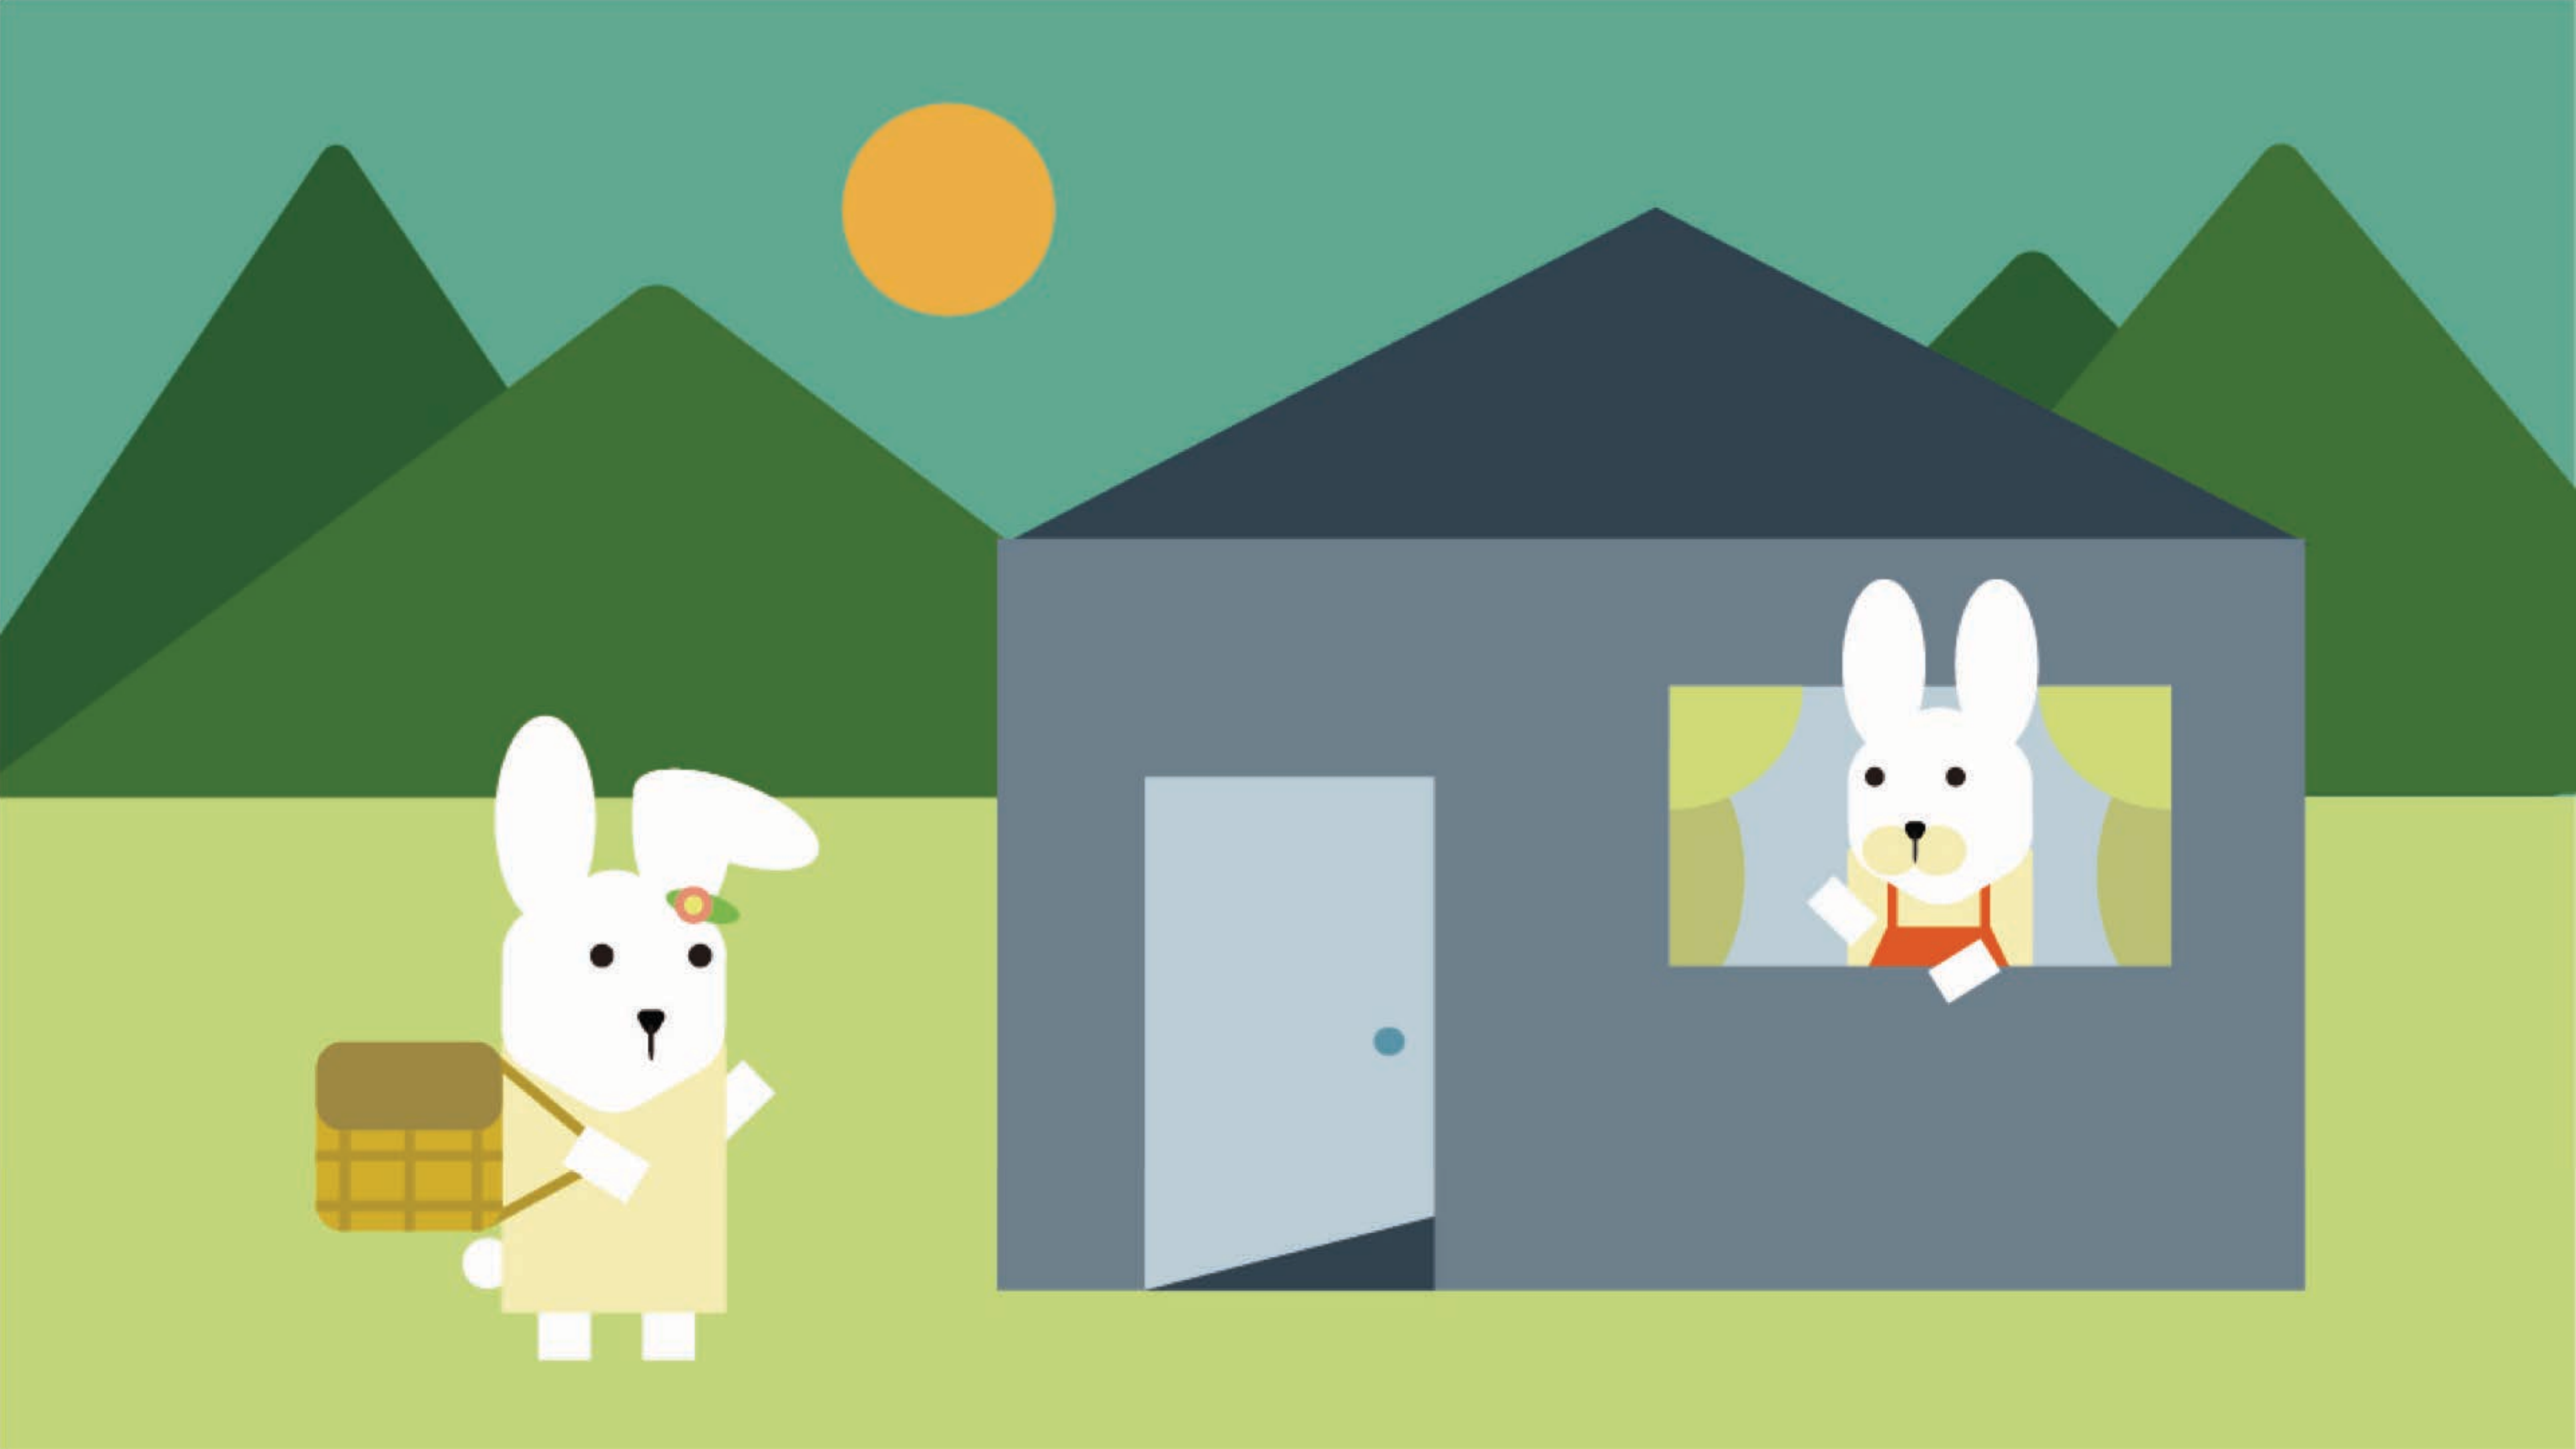

mum

tutu

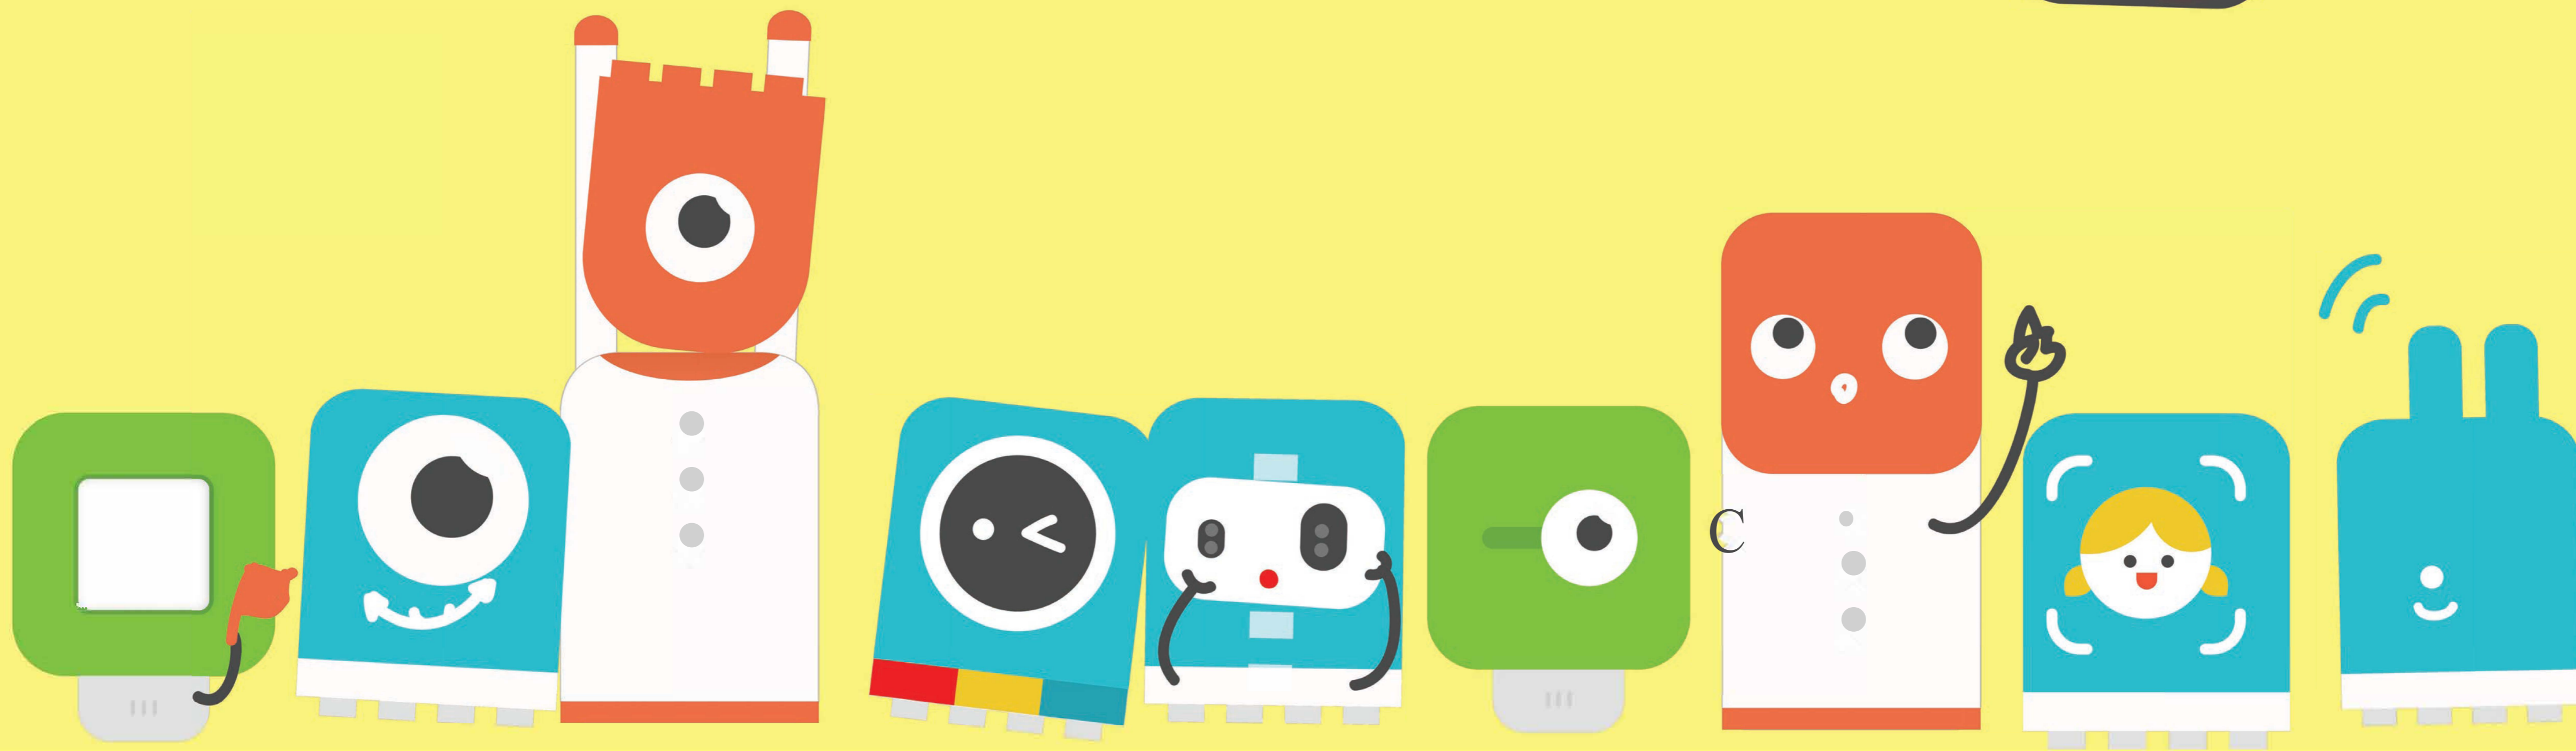

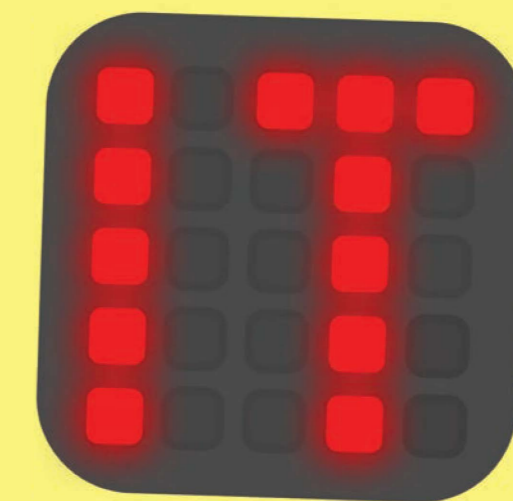

**Hoe helpen wij het konijn om  
de weg terug te herkennen?**

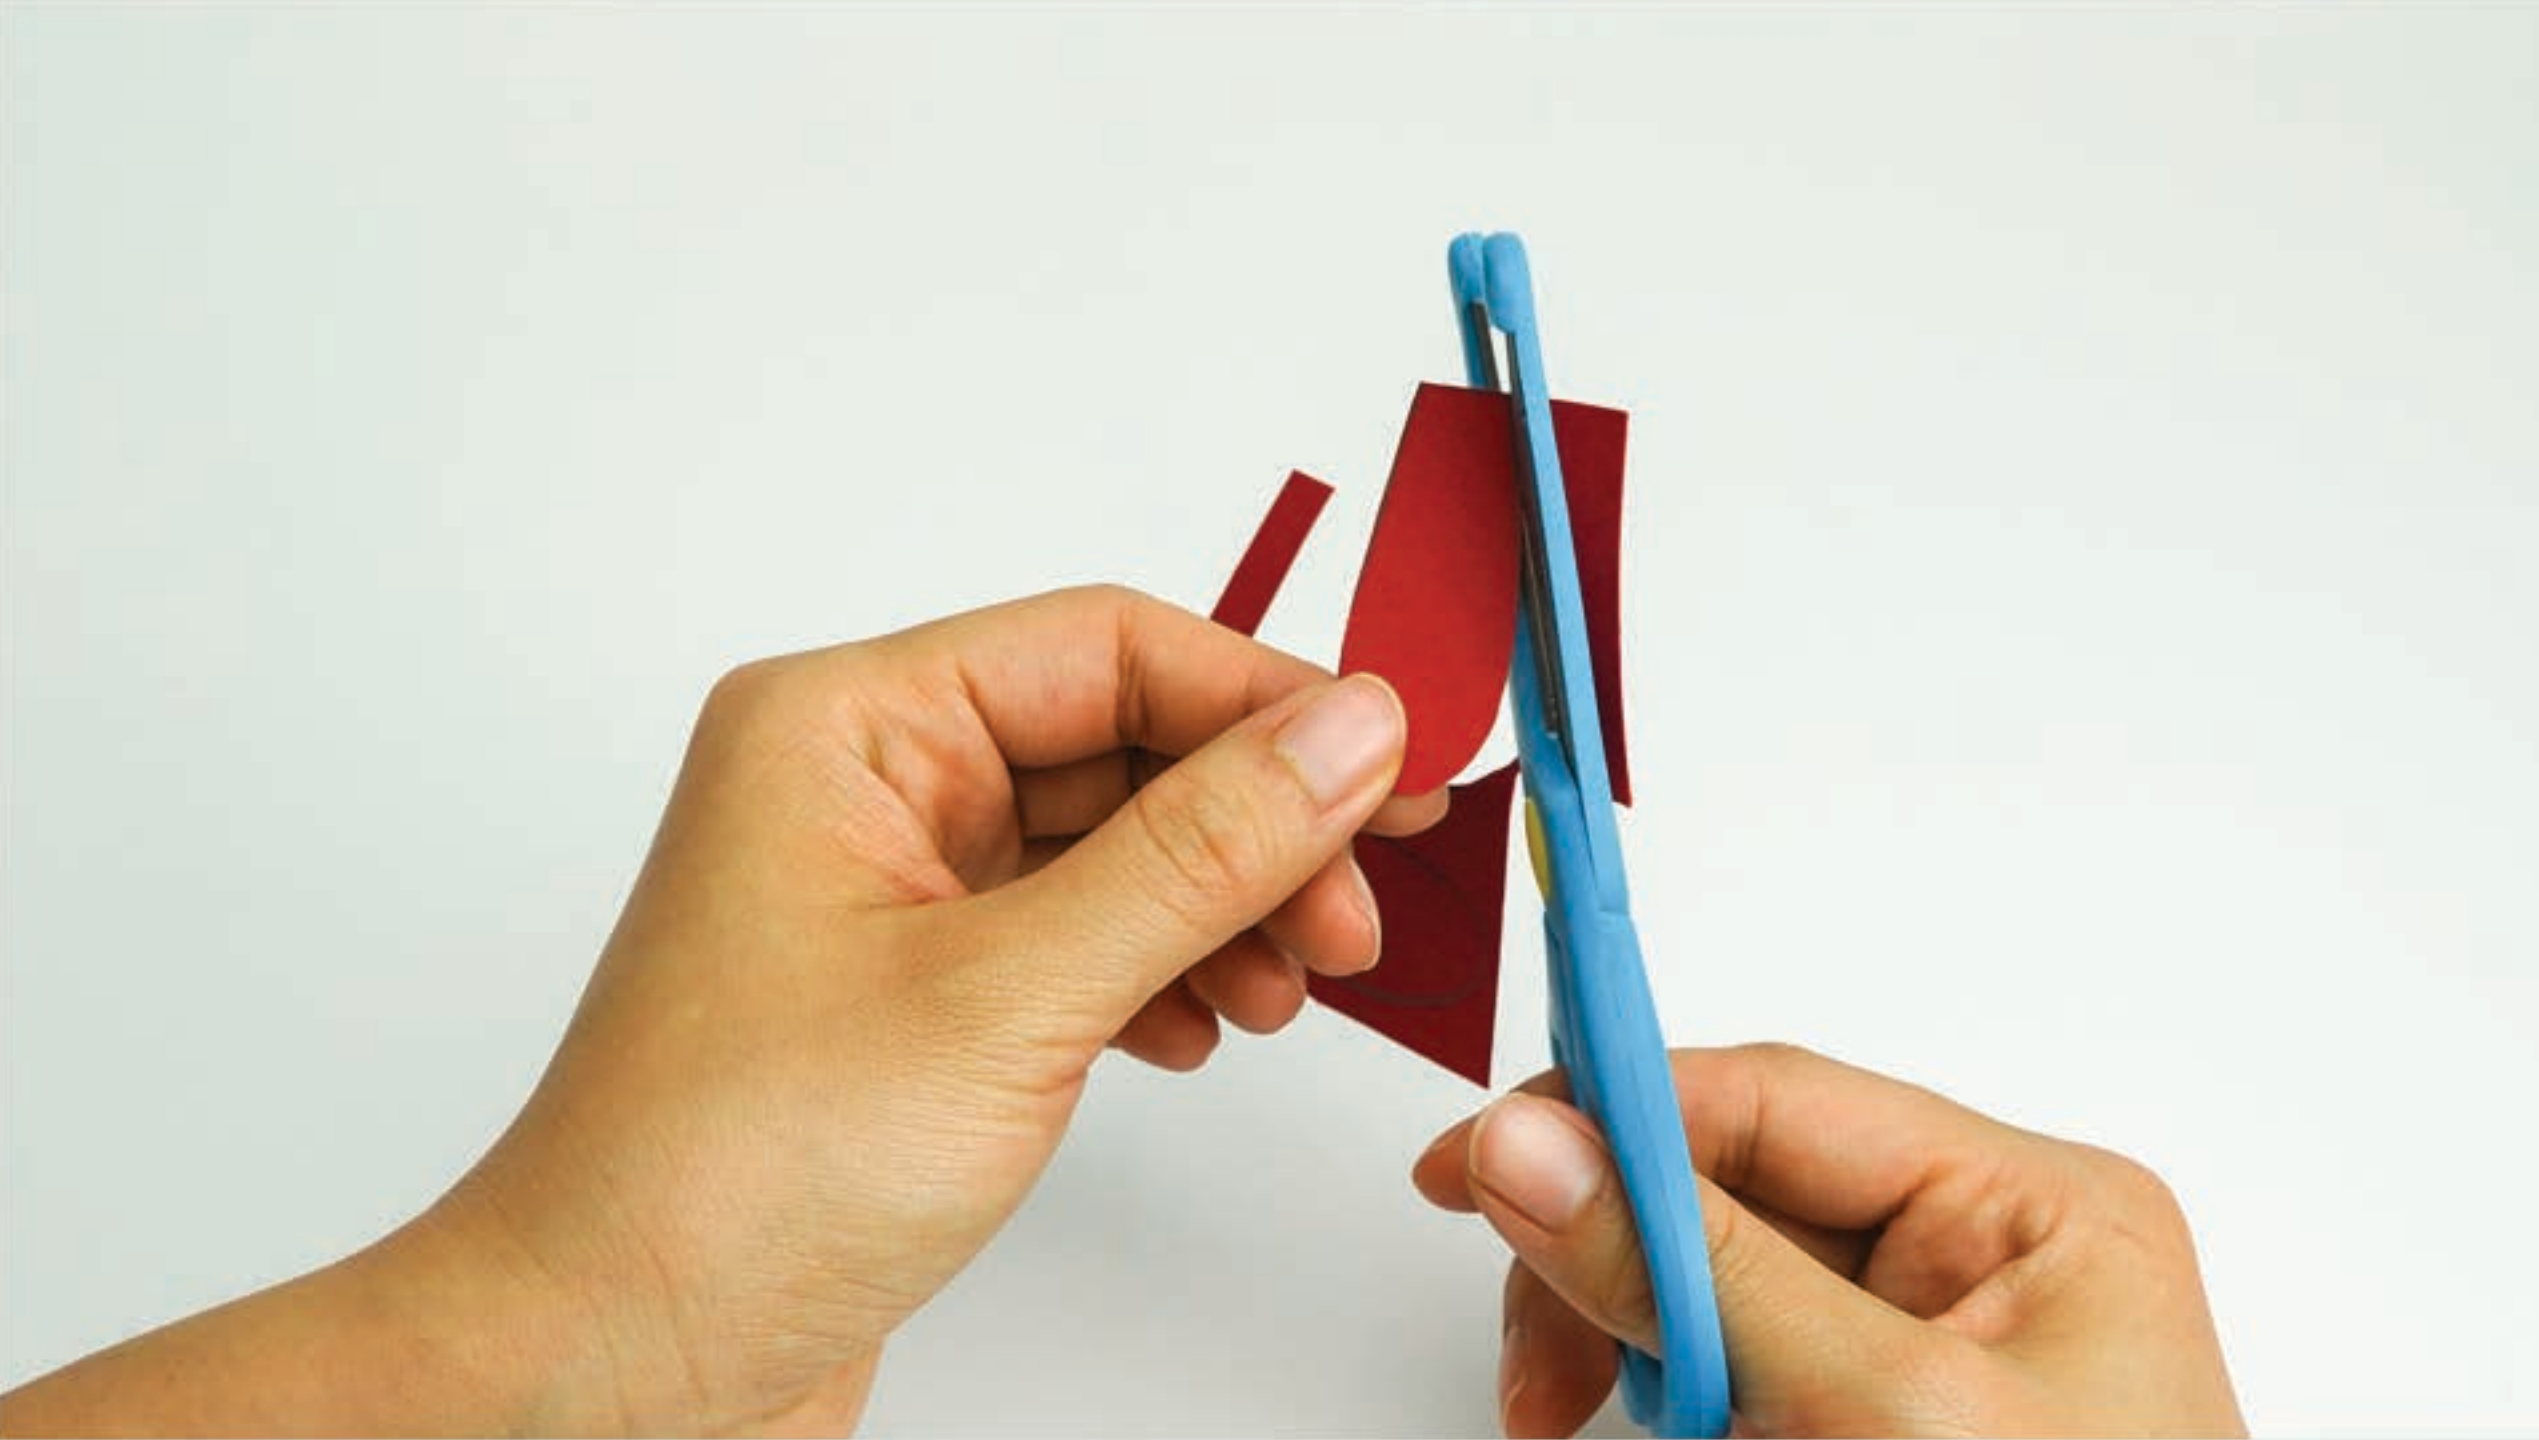

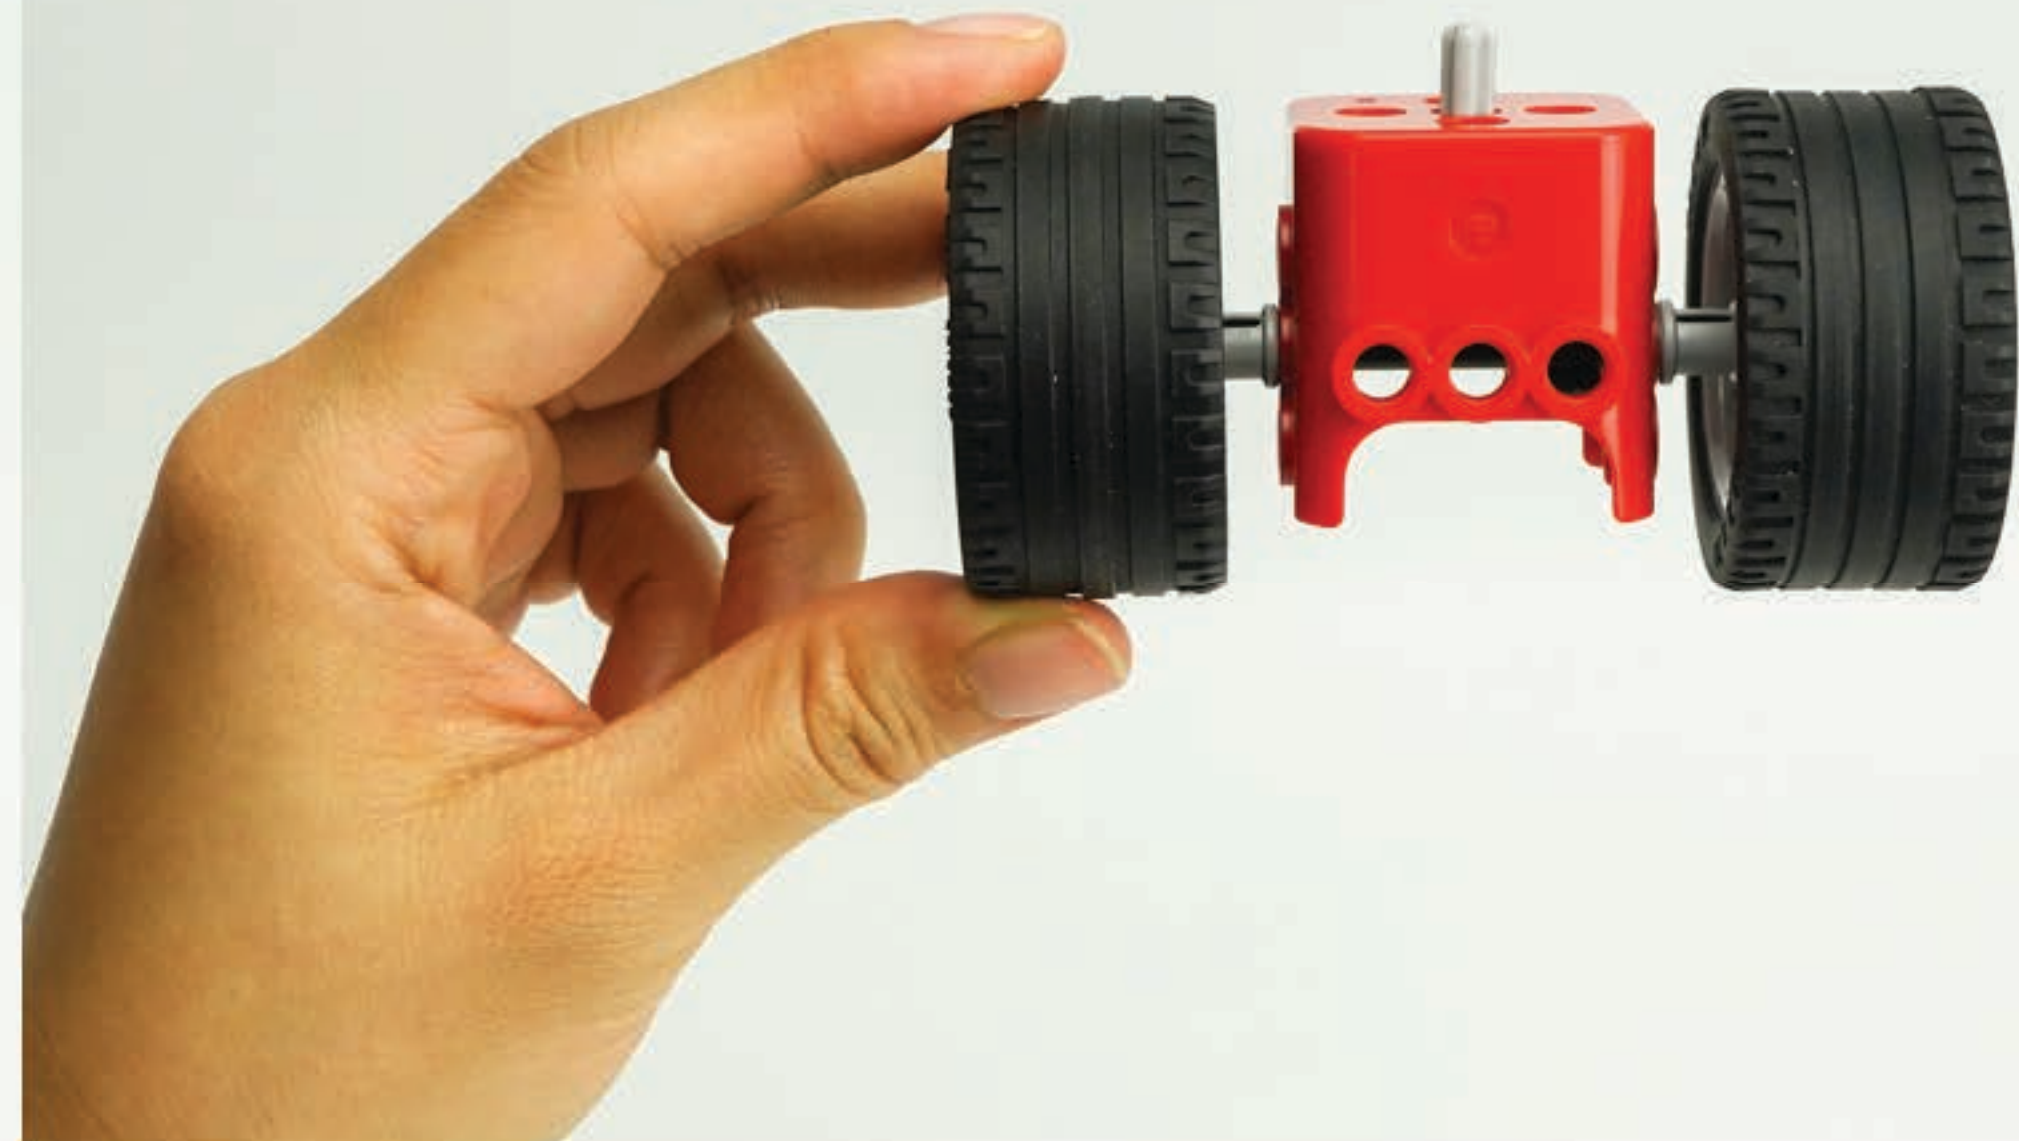

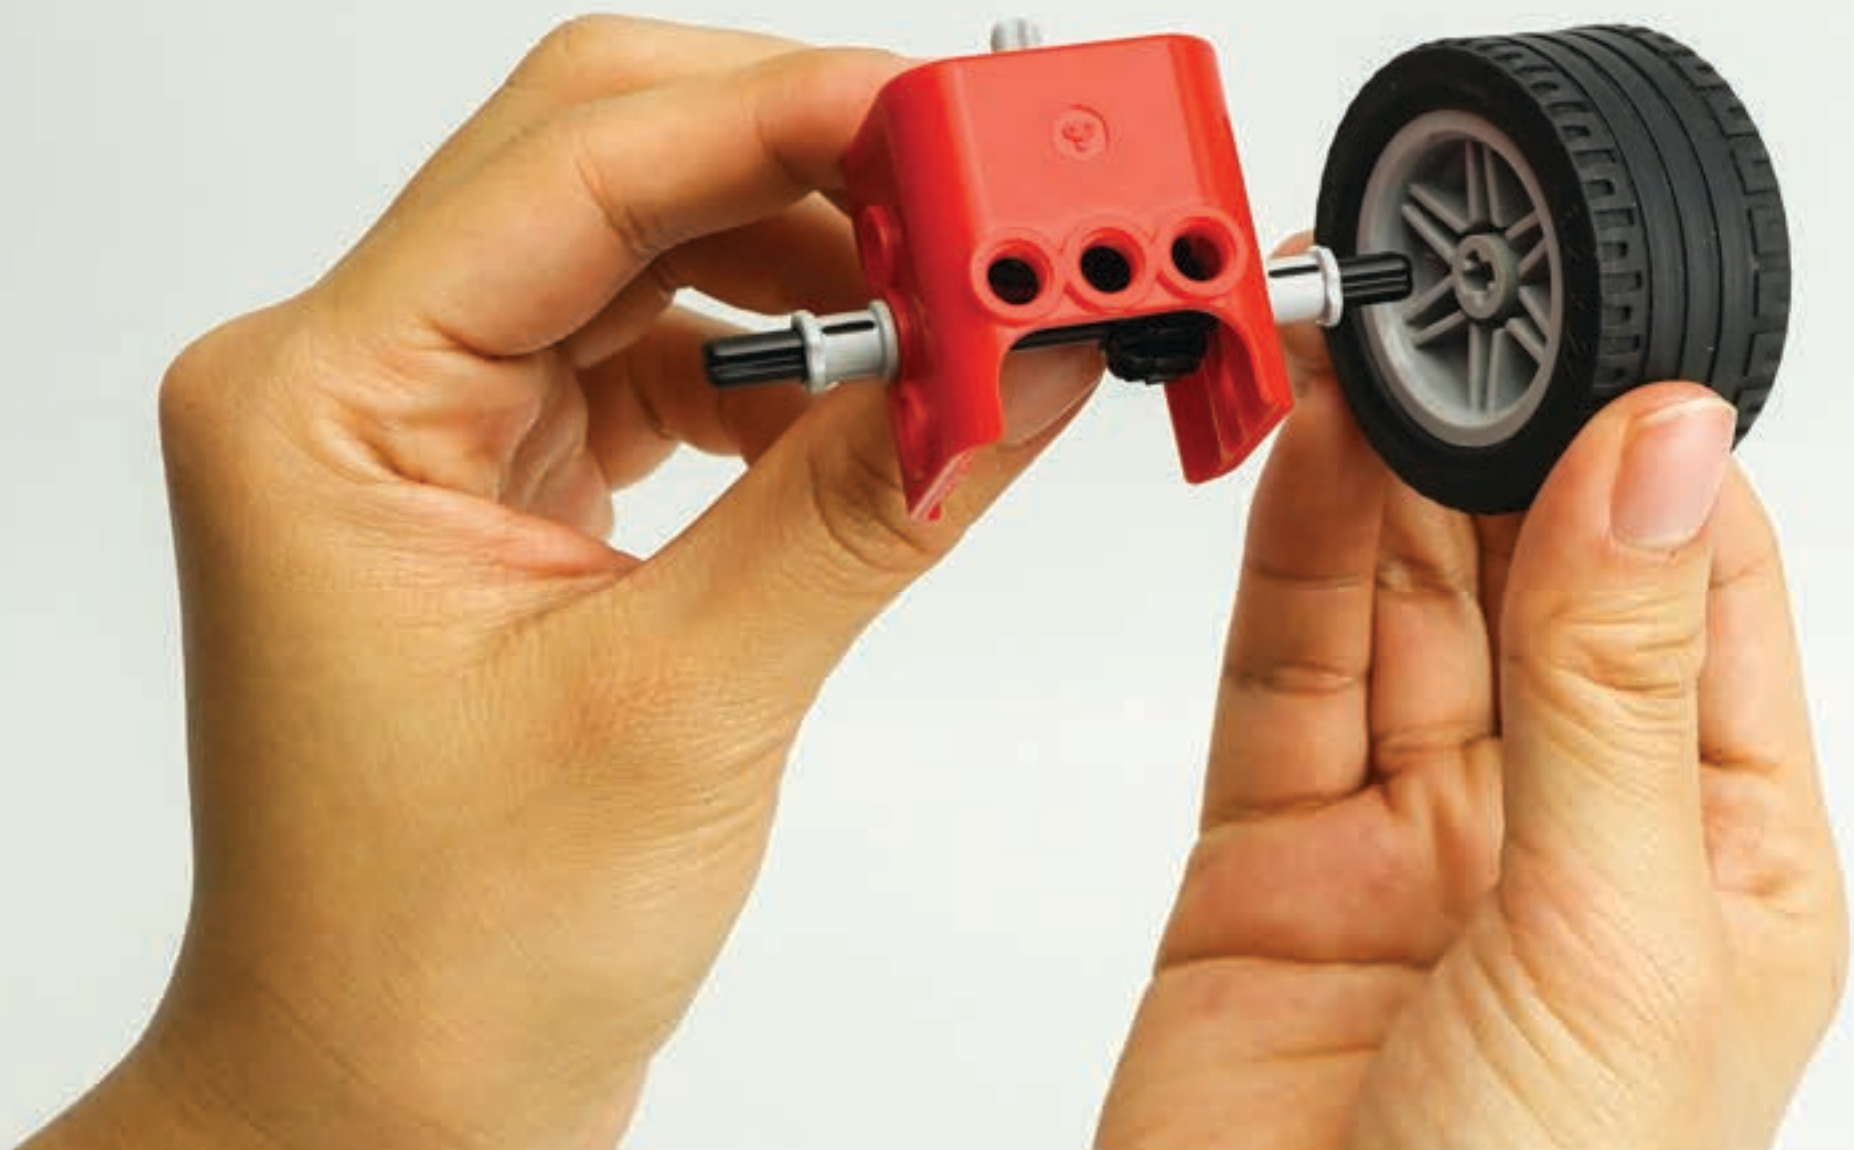

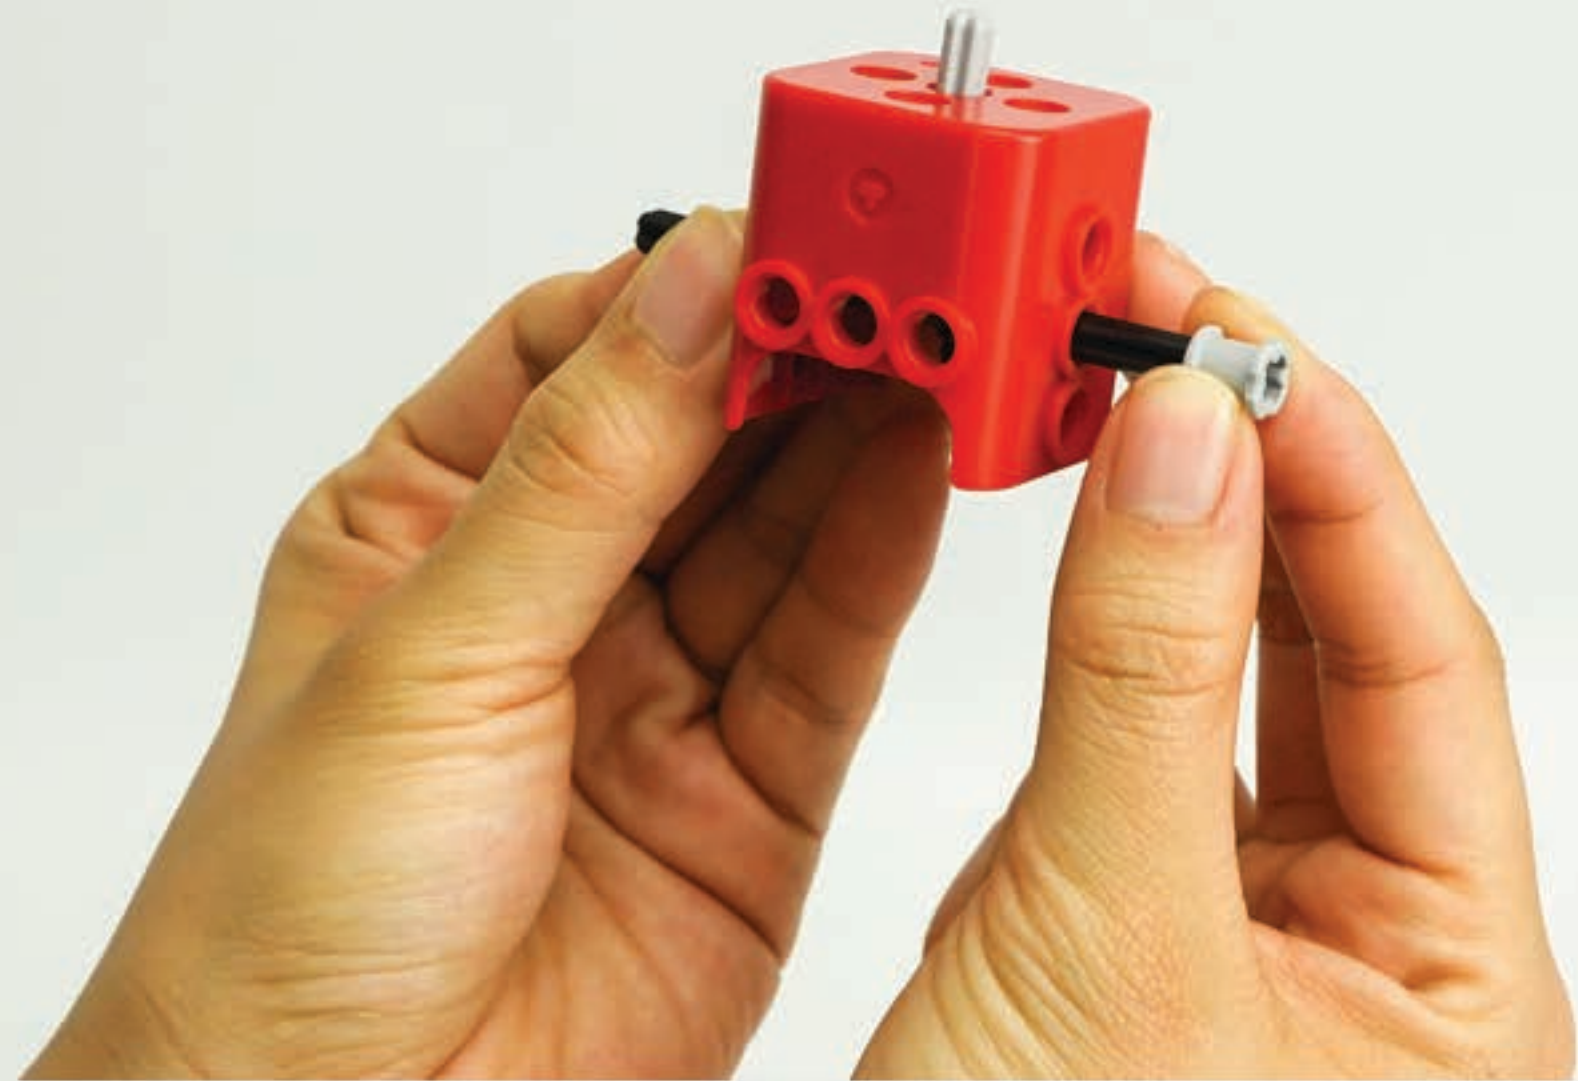

# LET'S MAKE

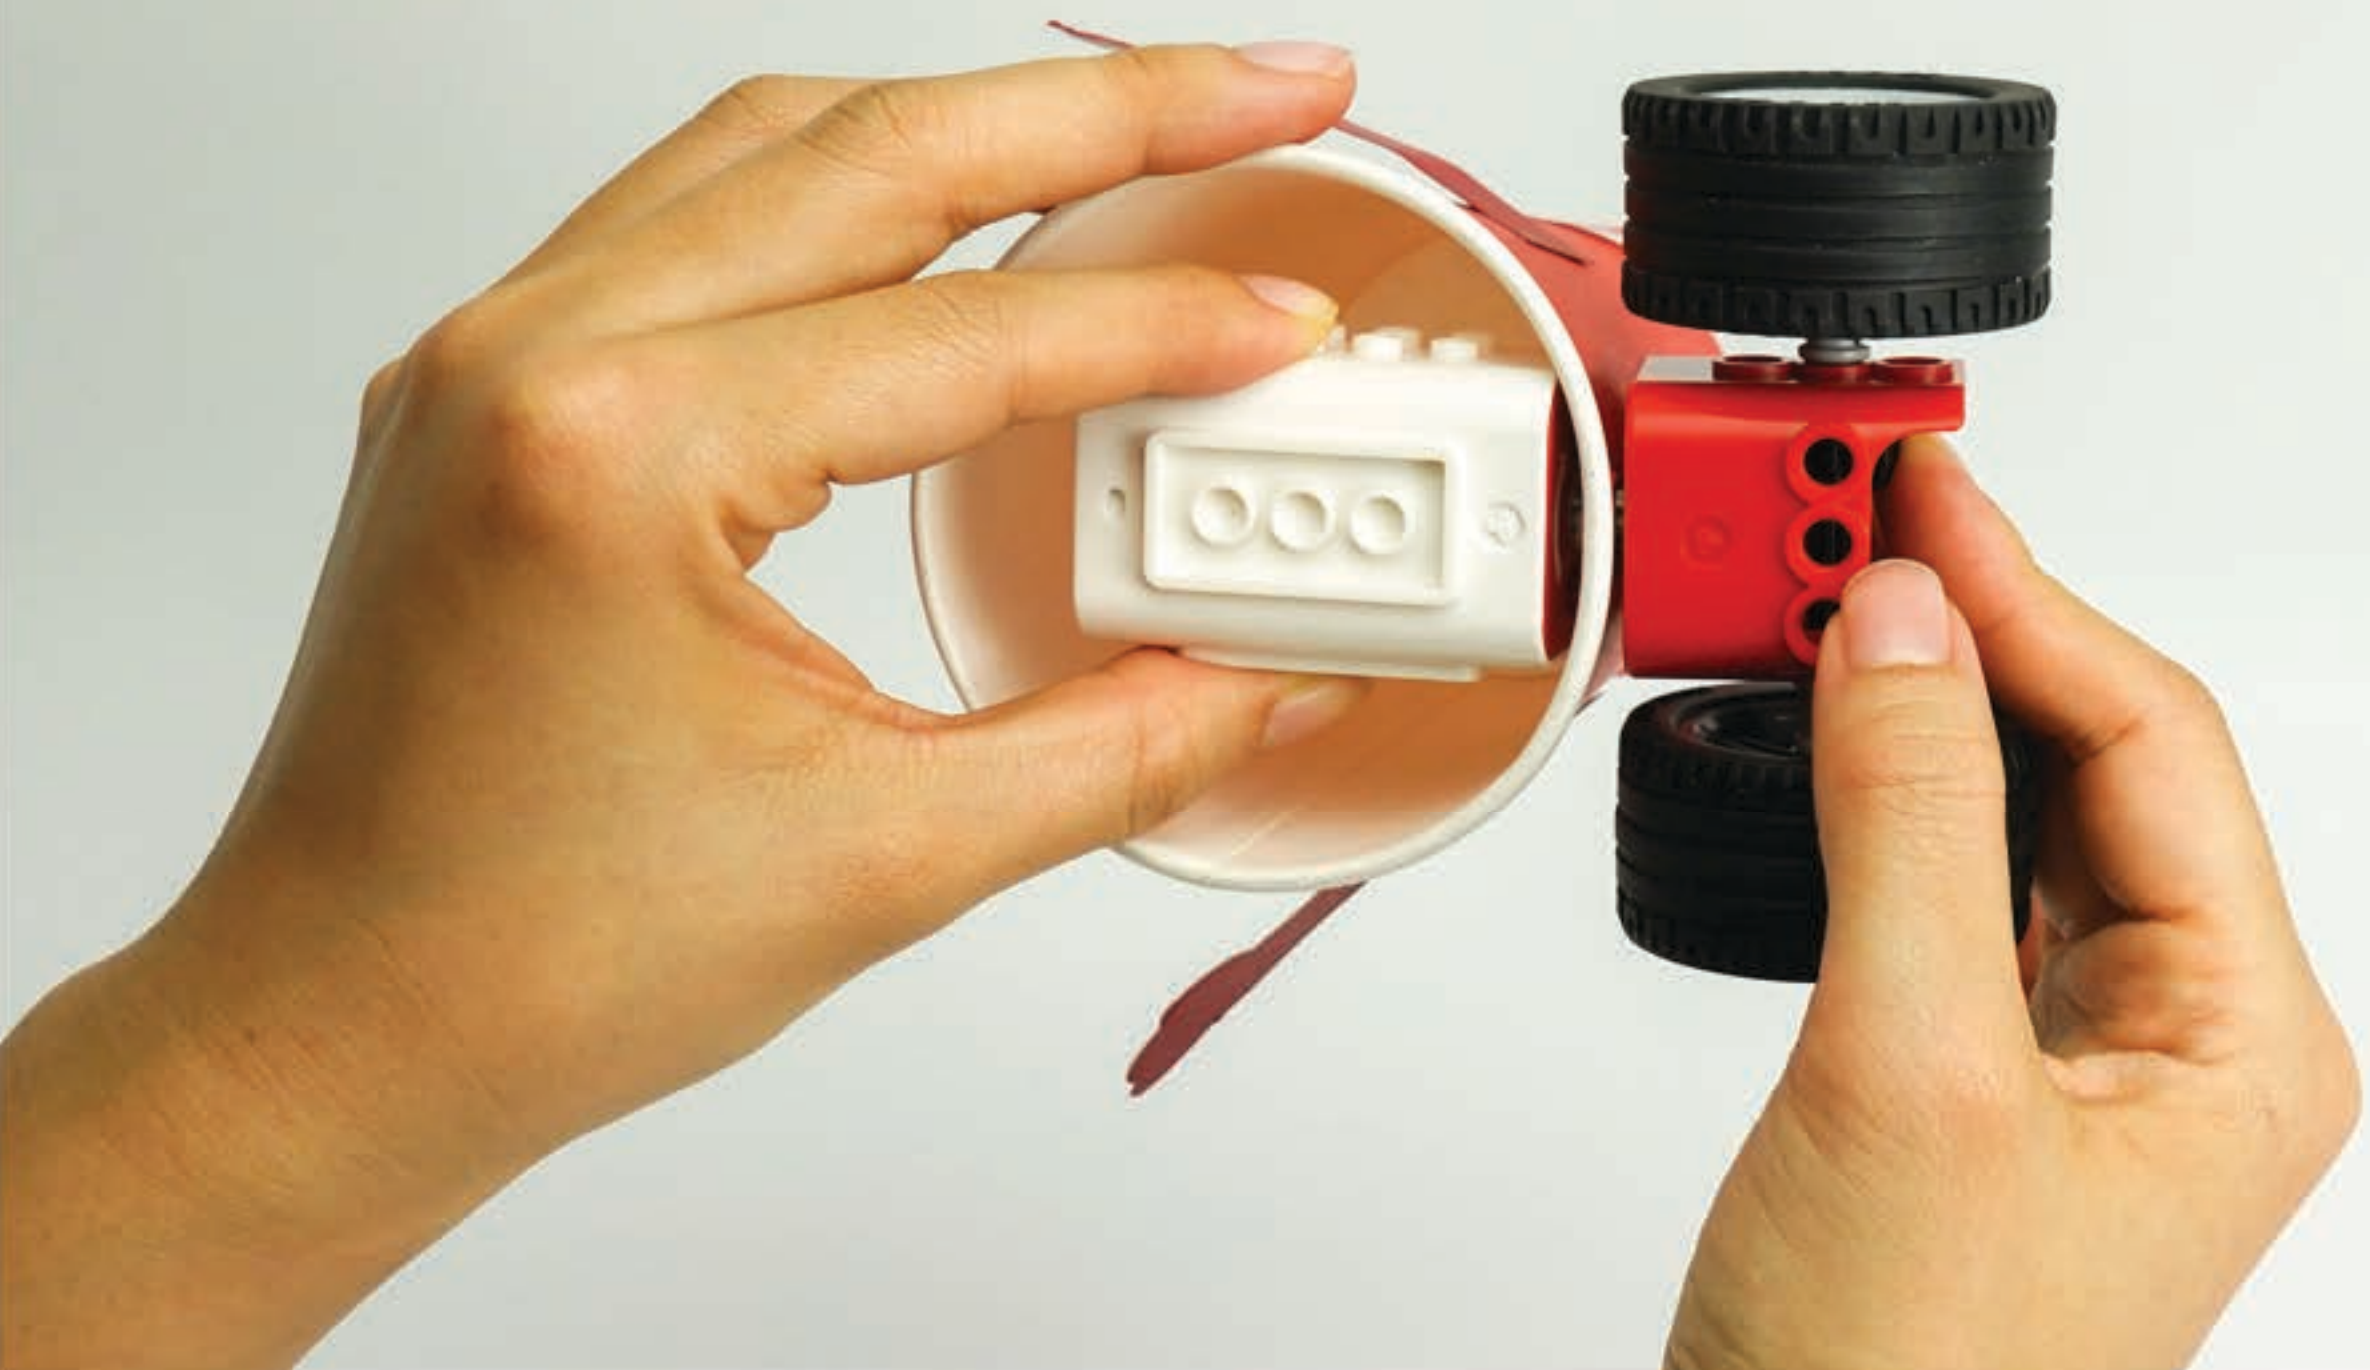

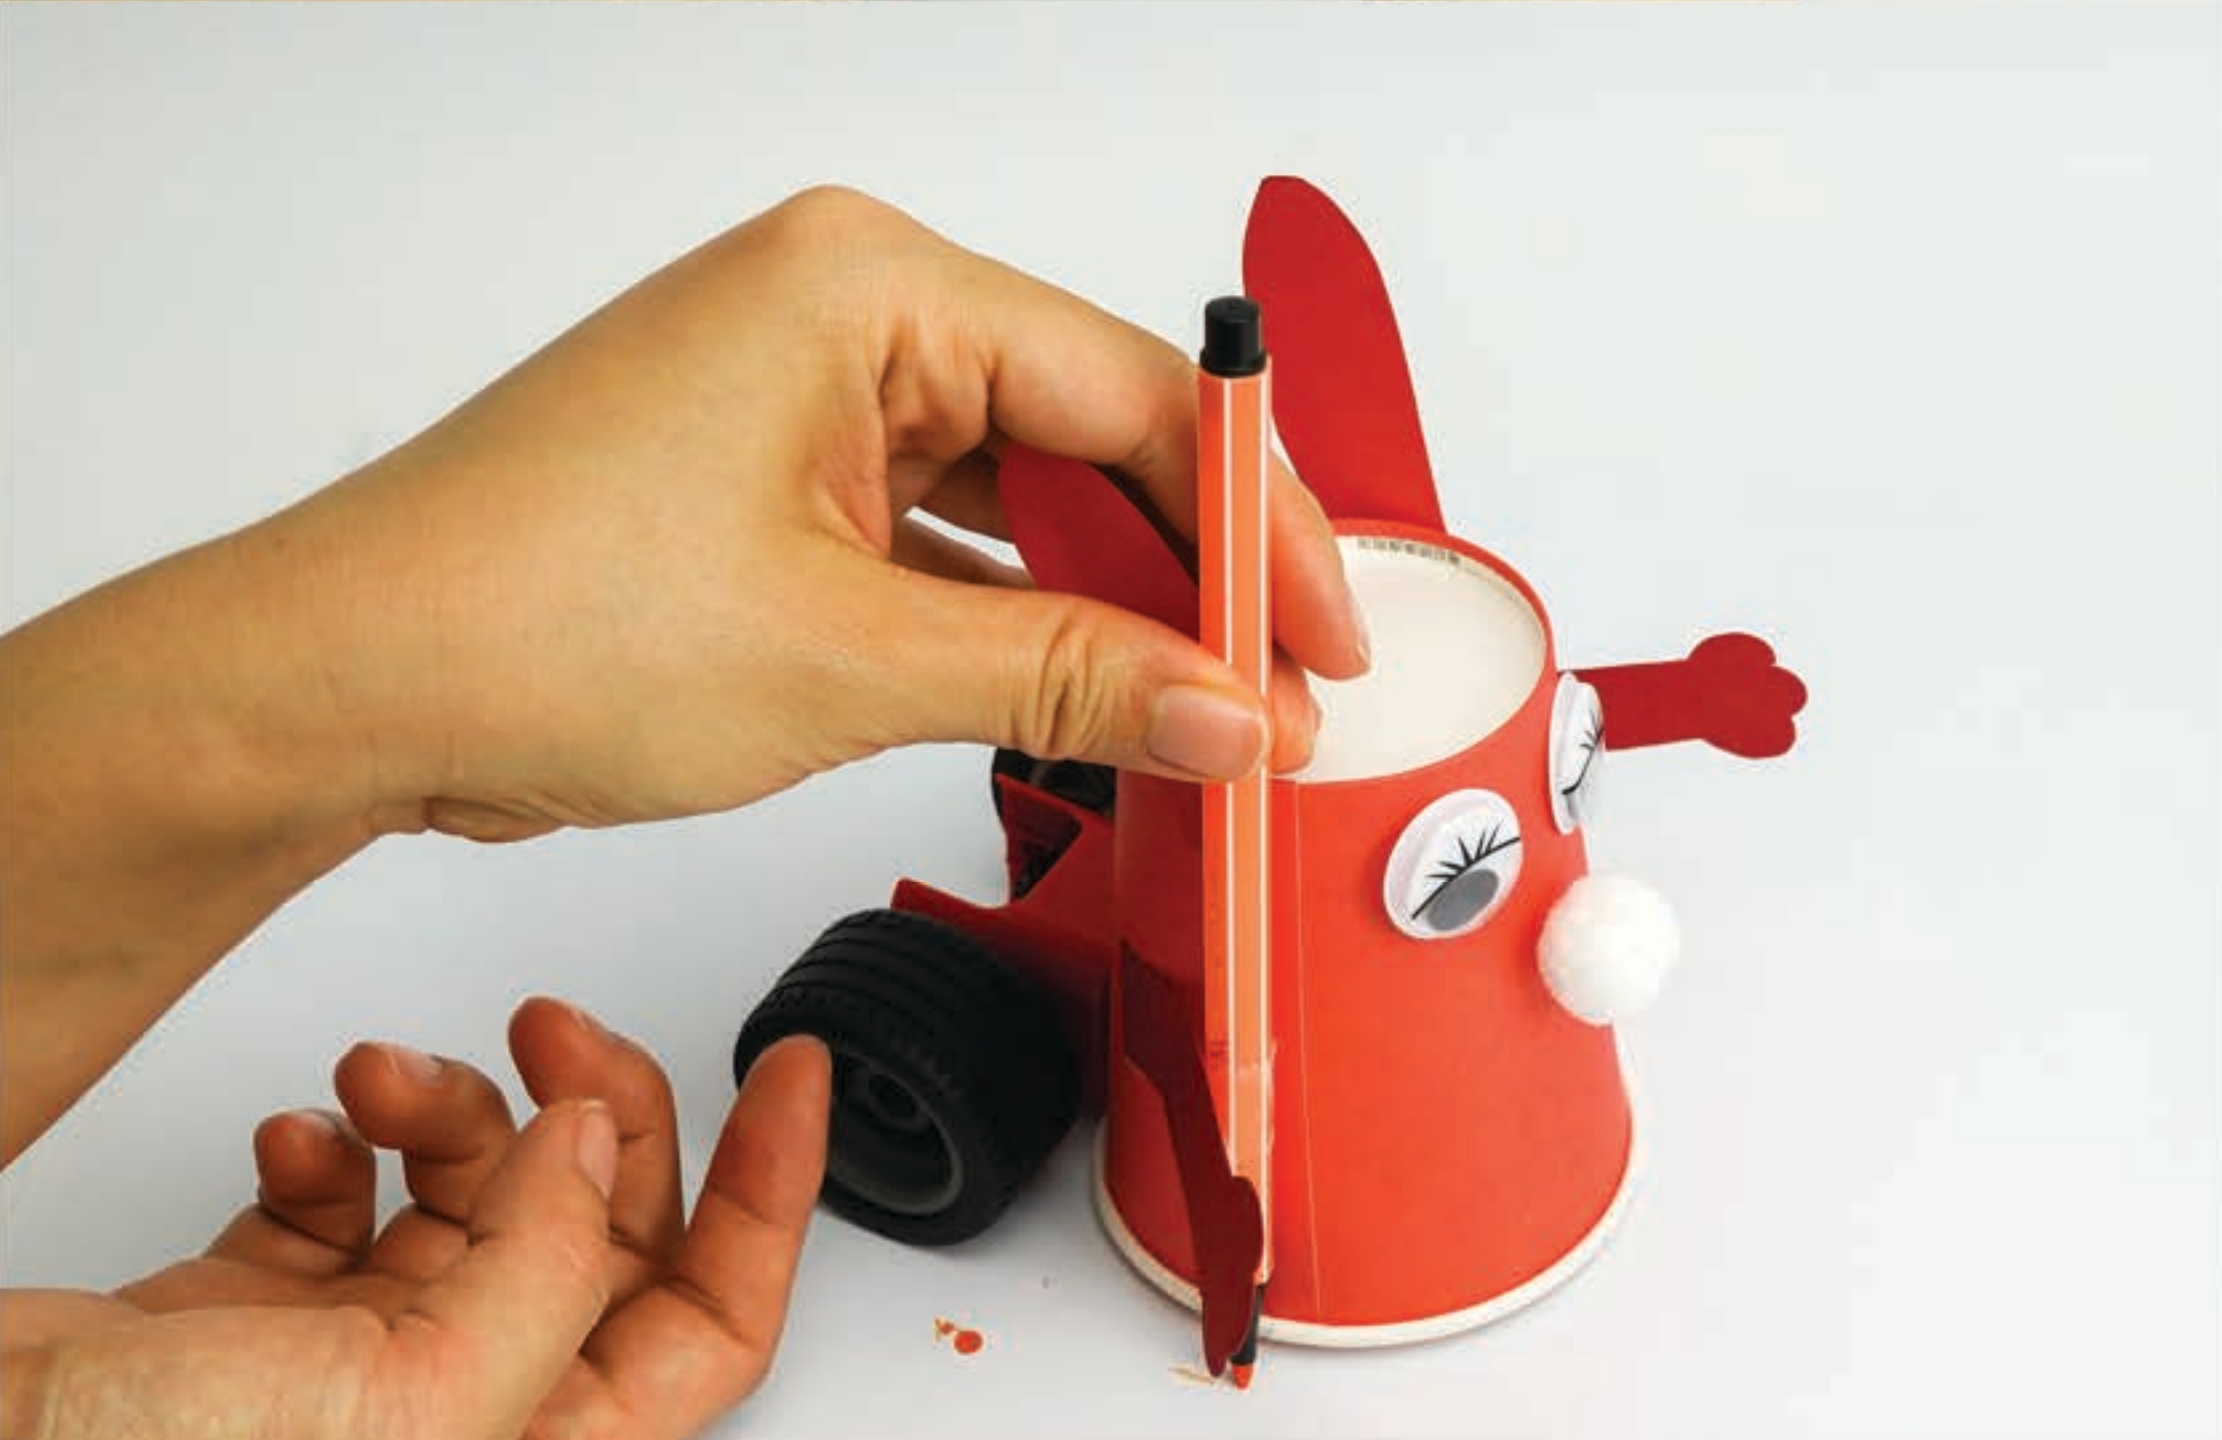

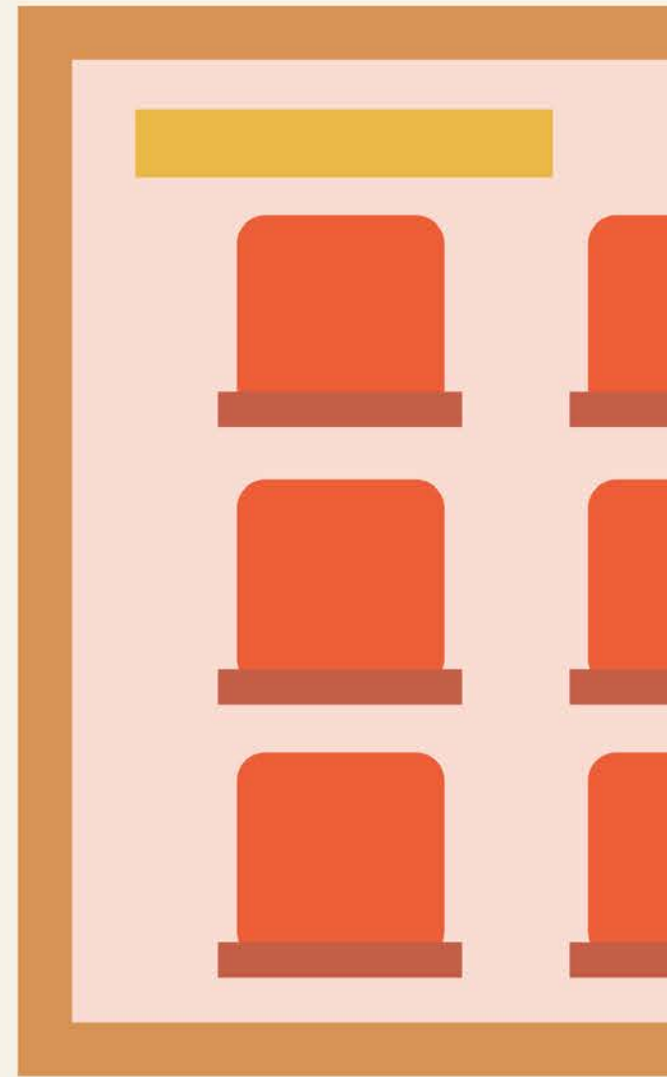

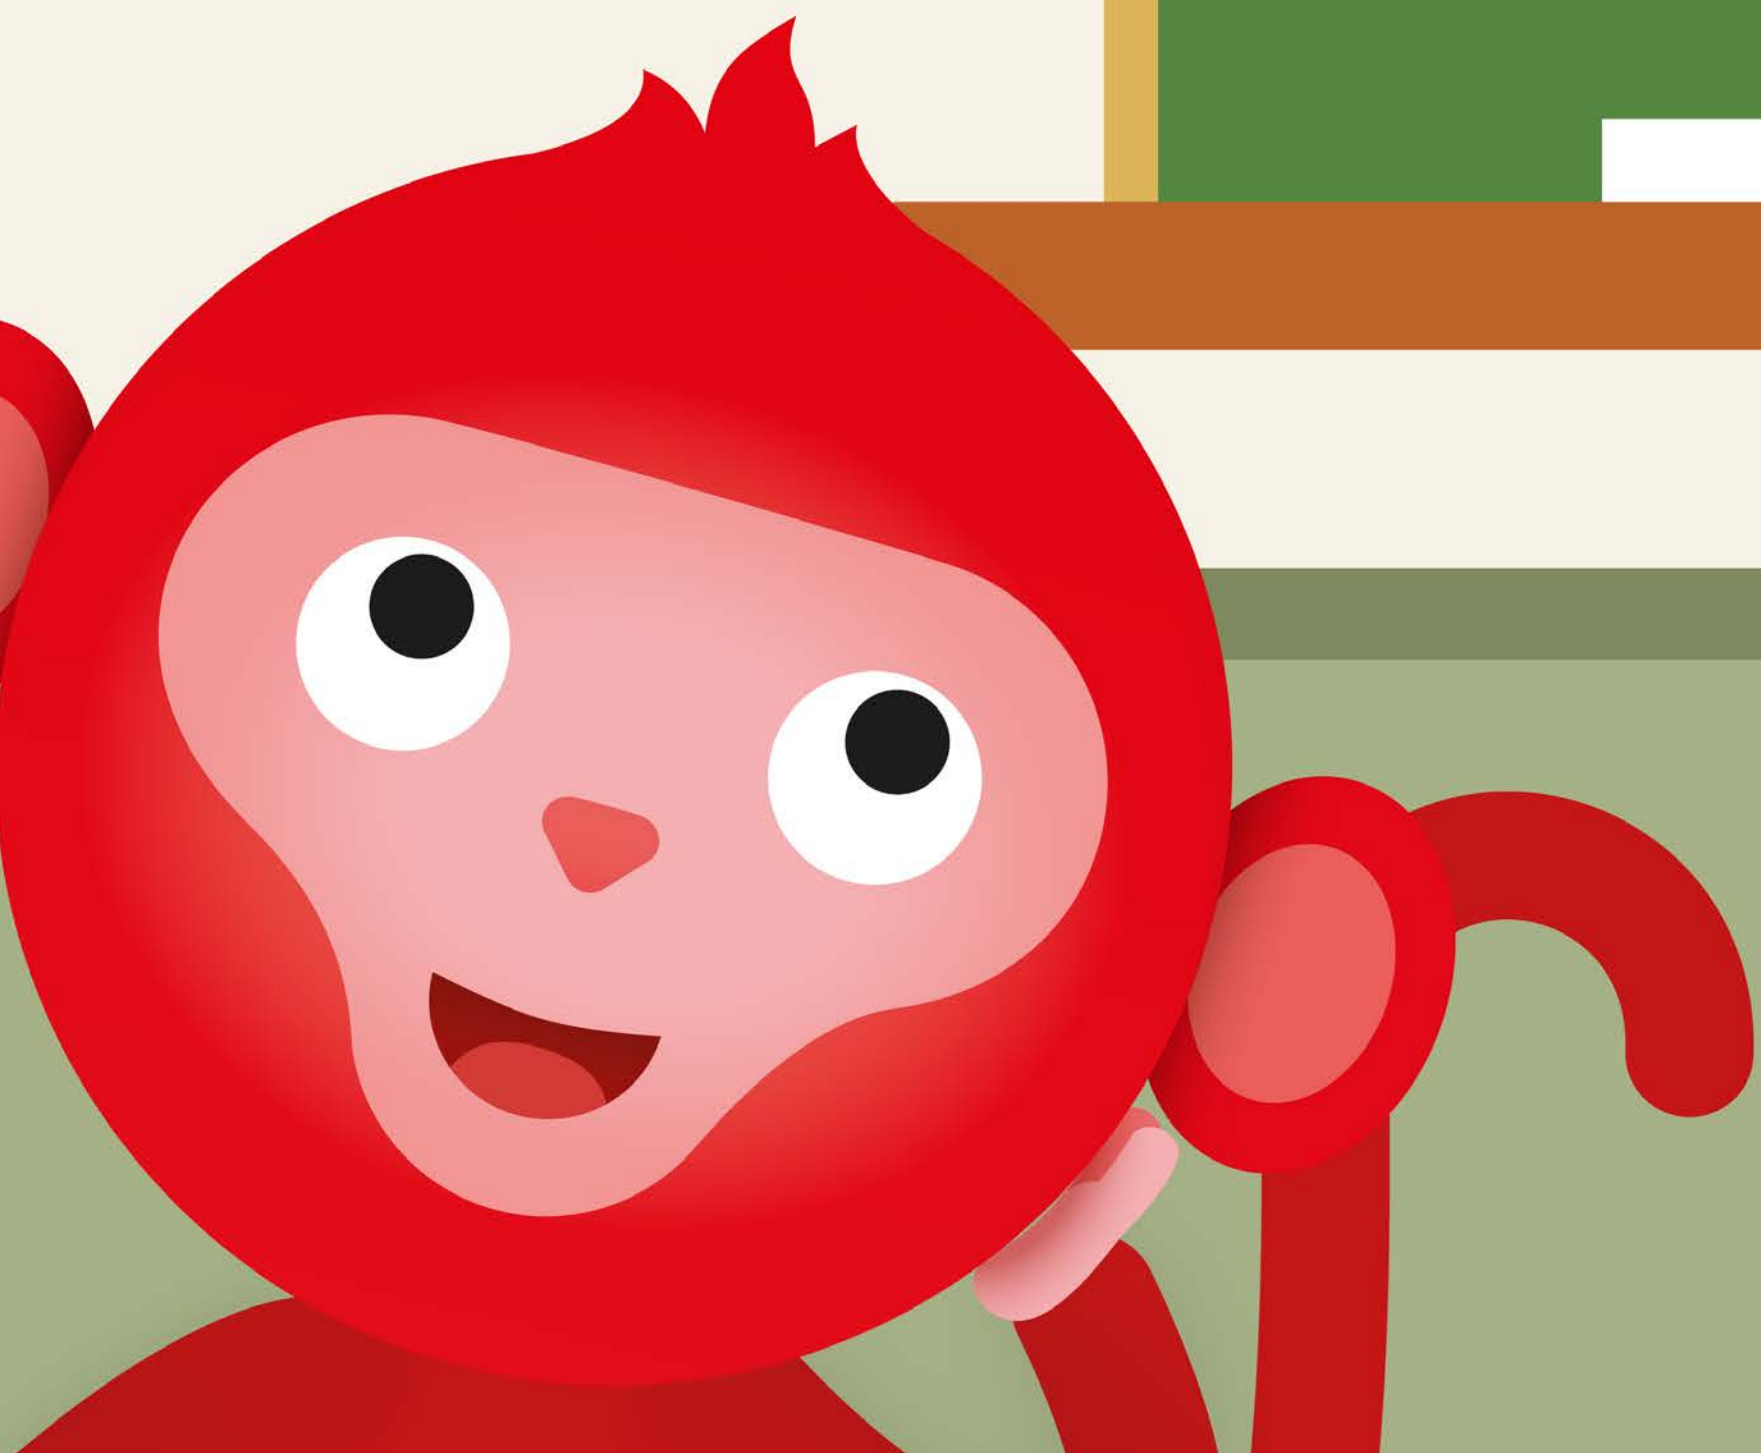

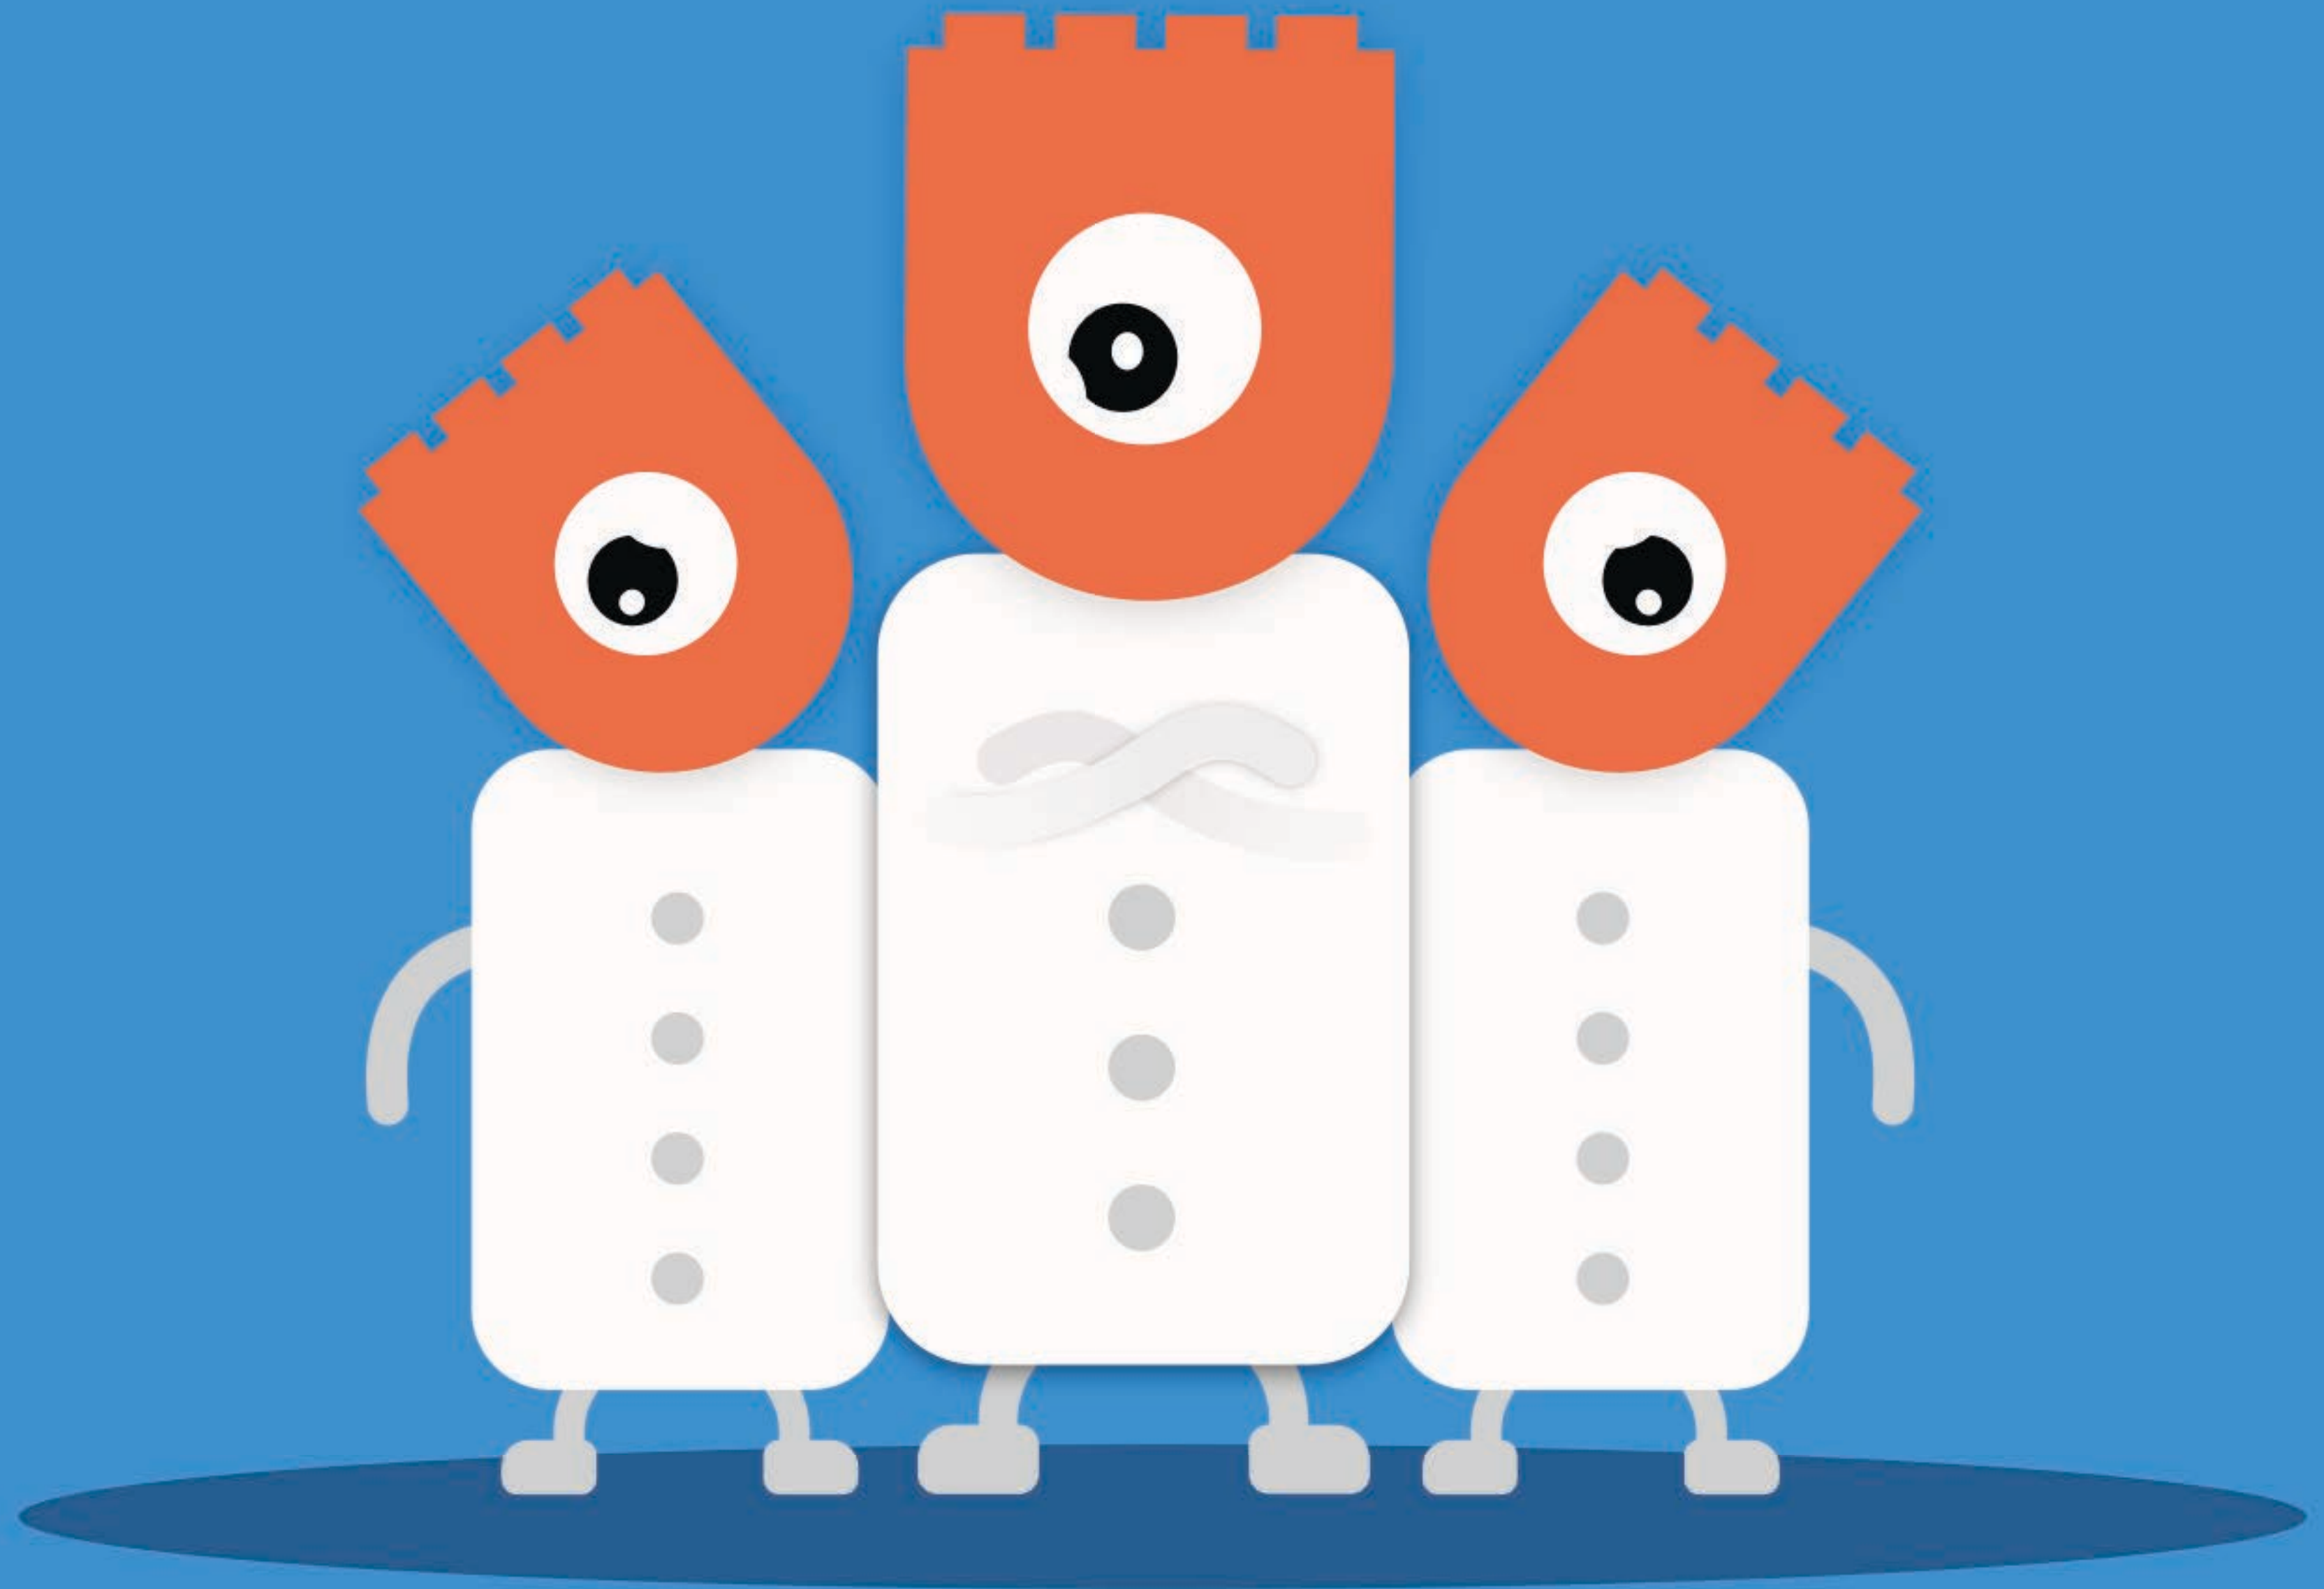

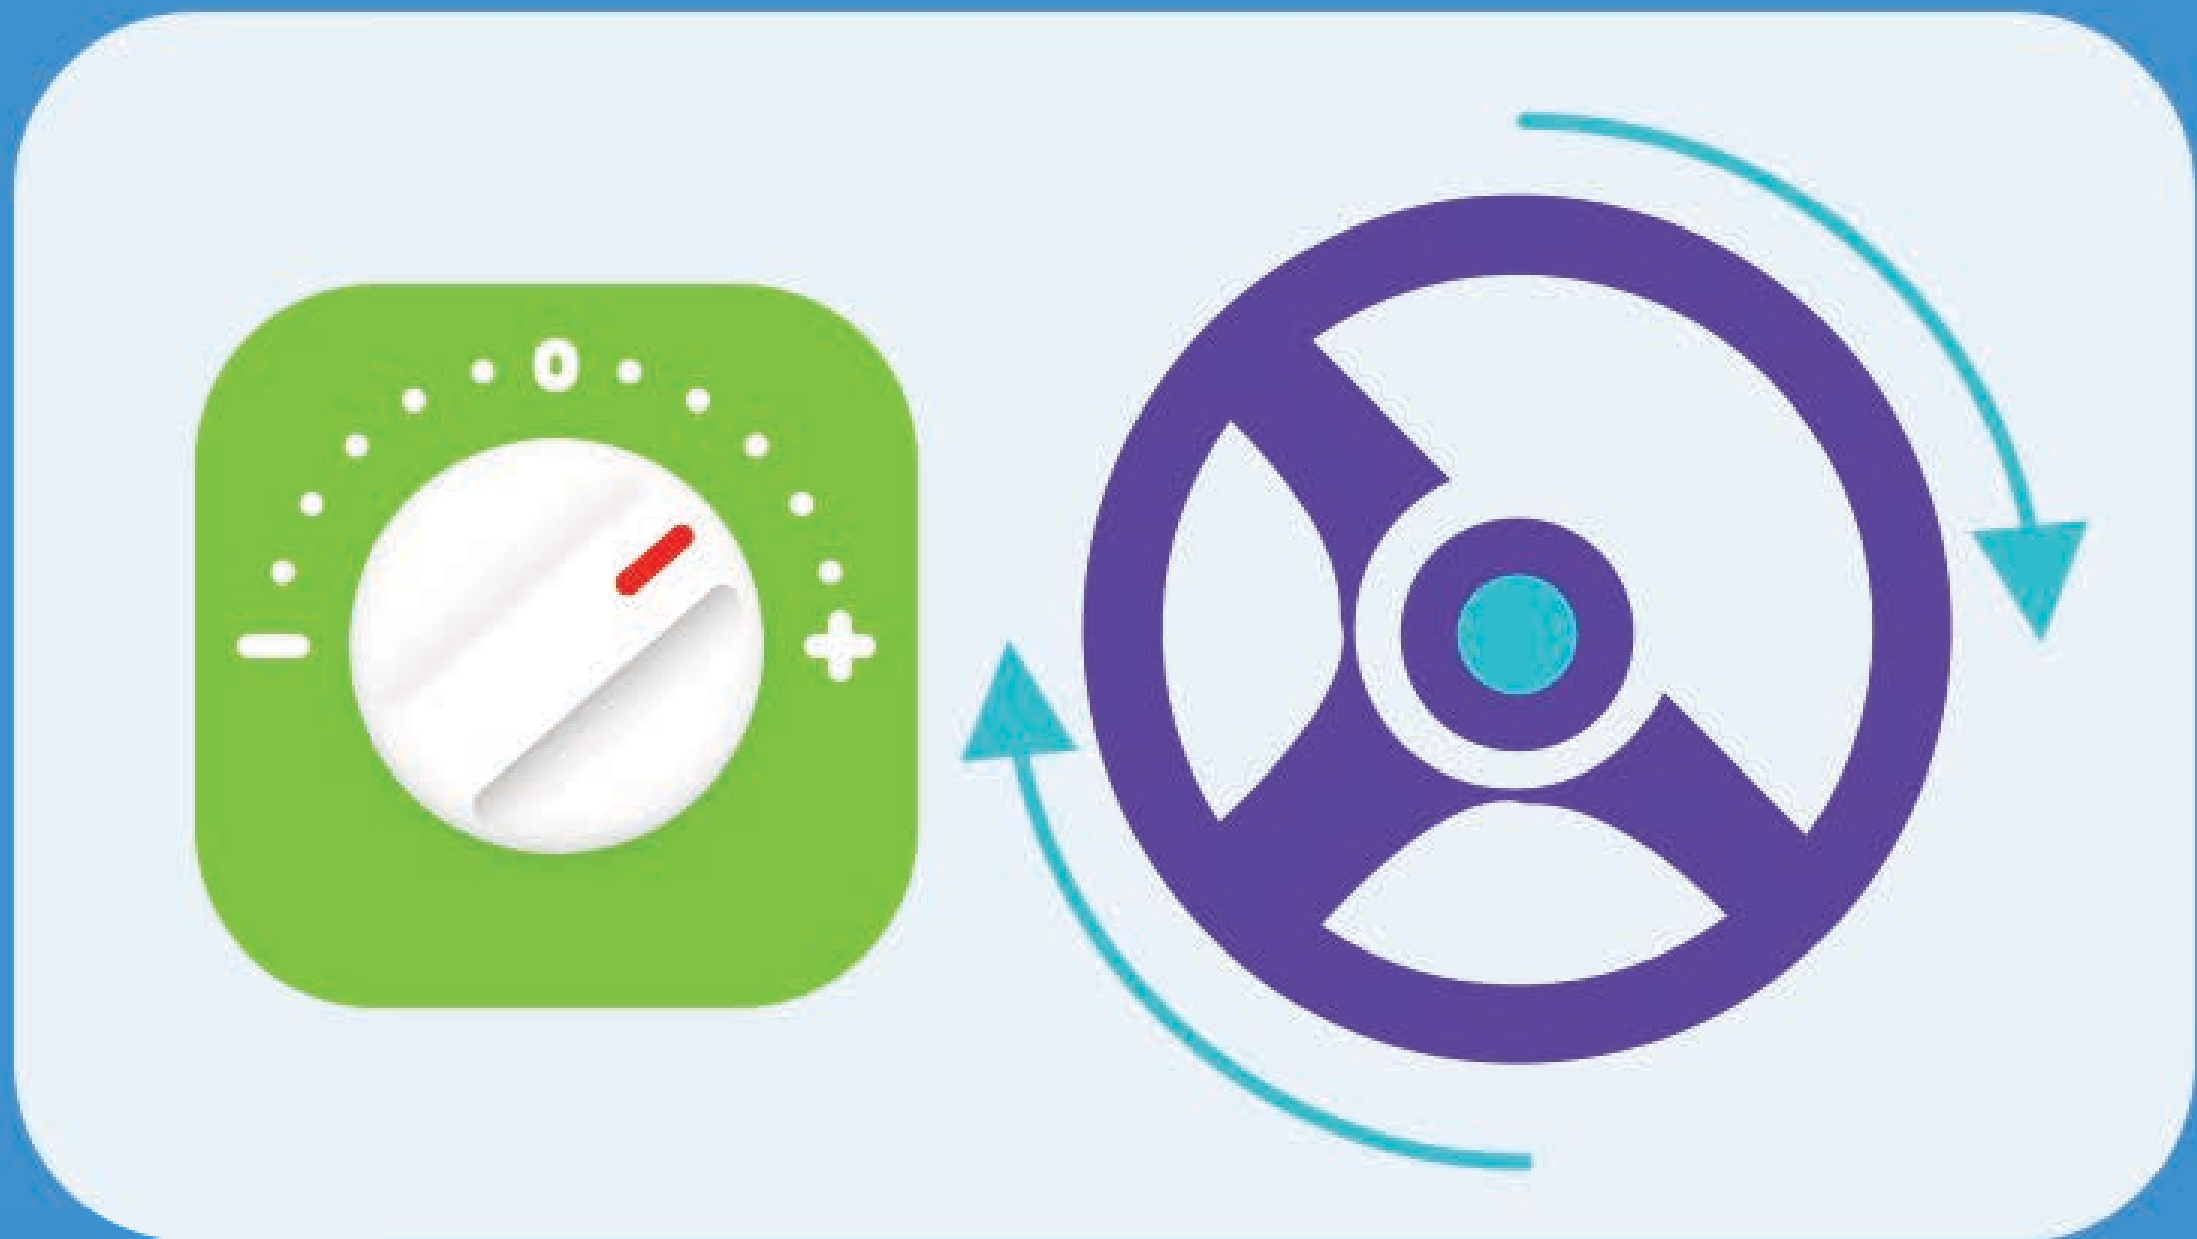

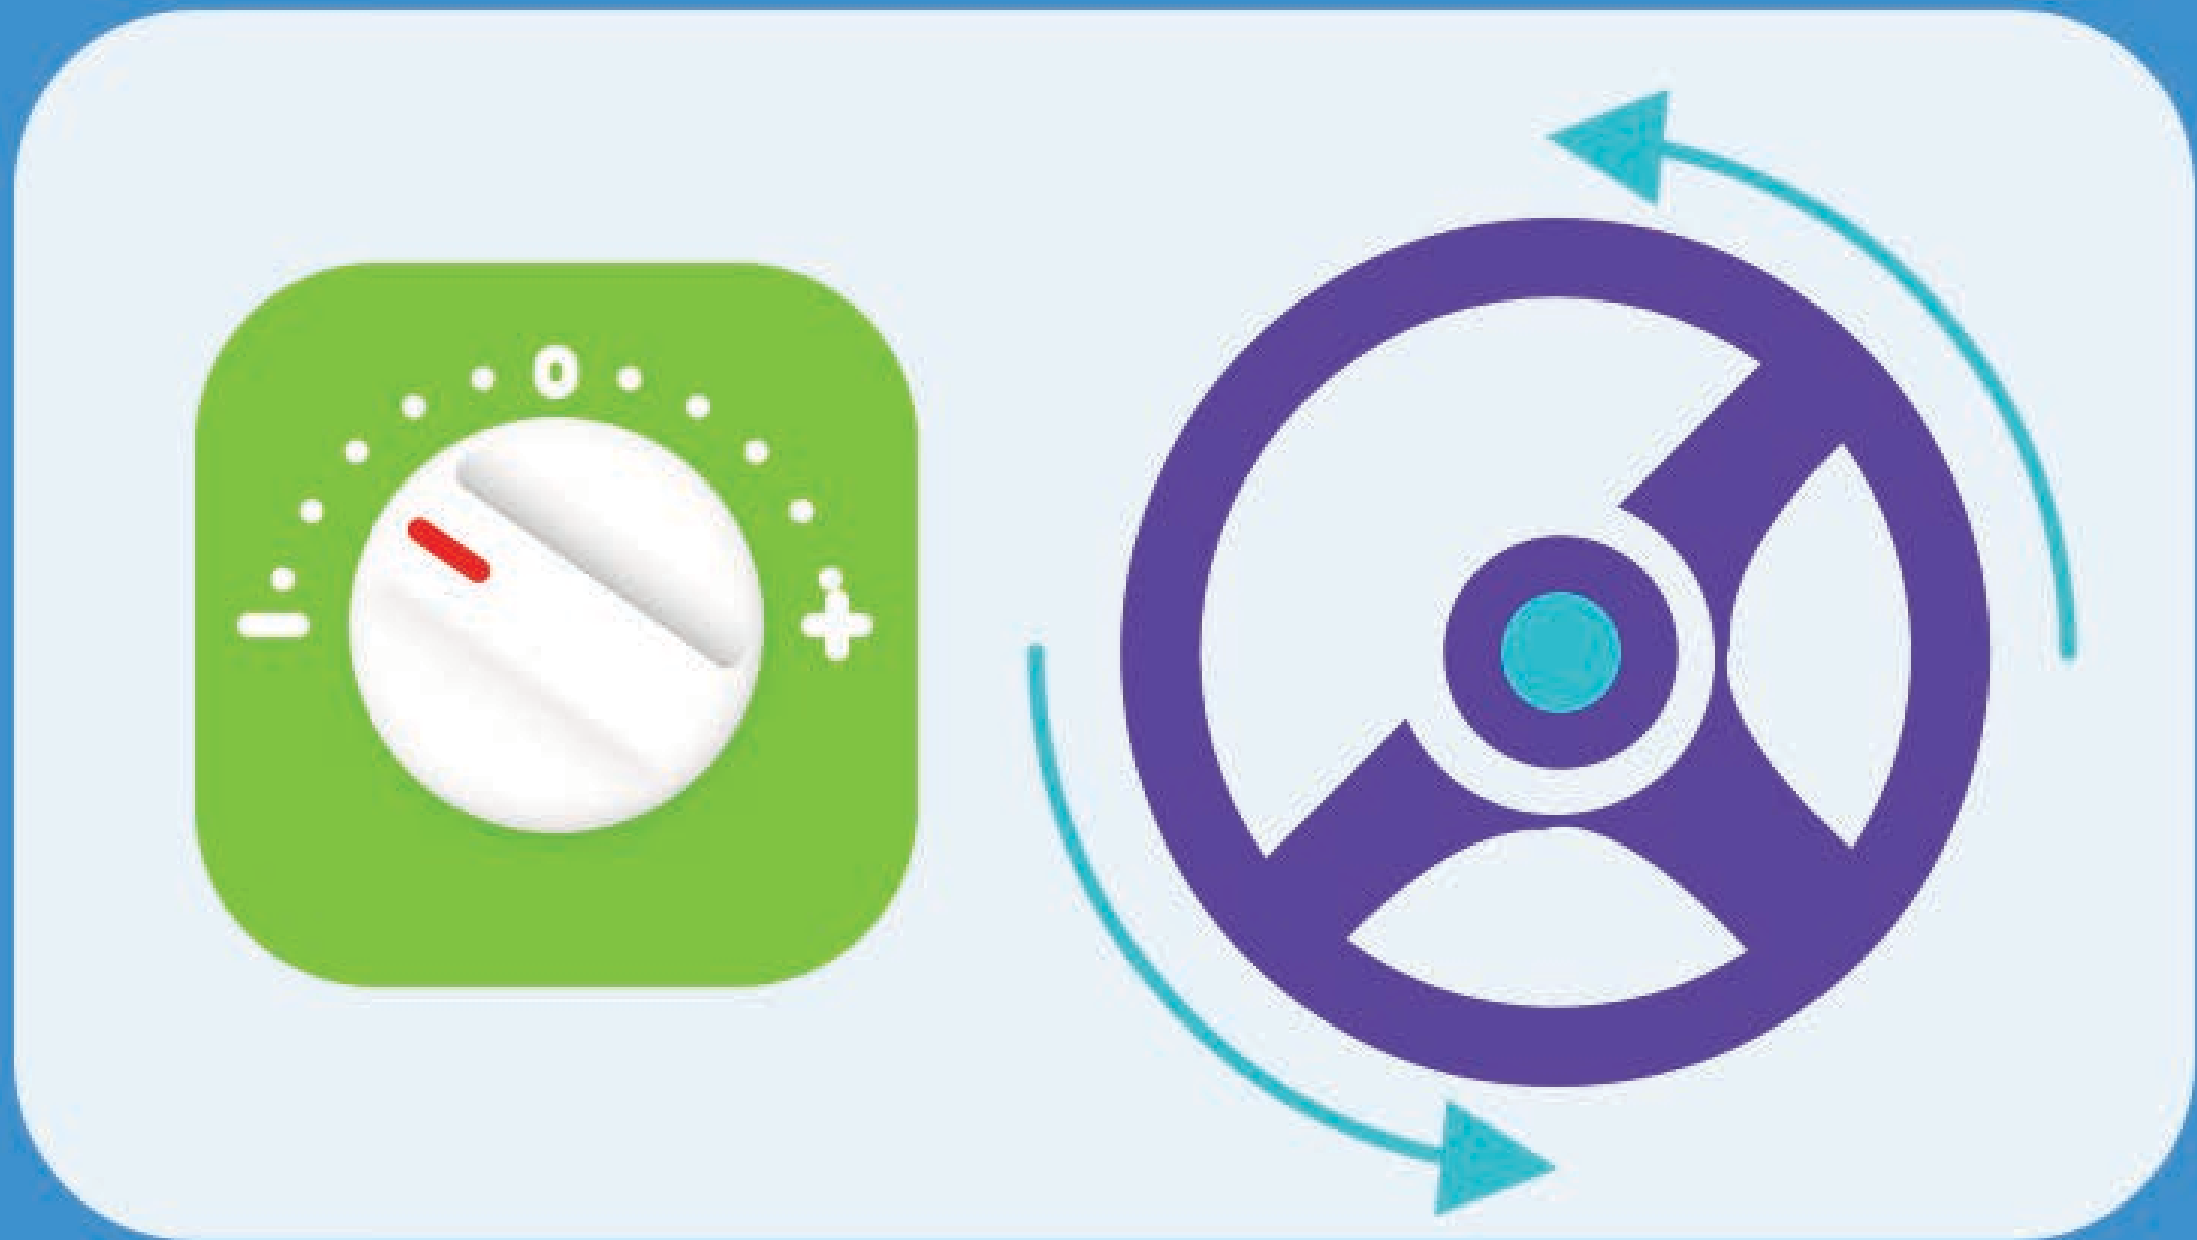

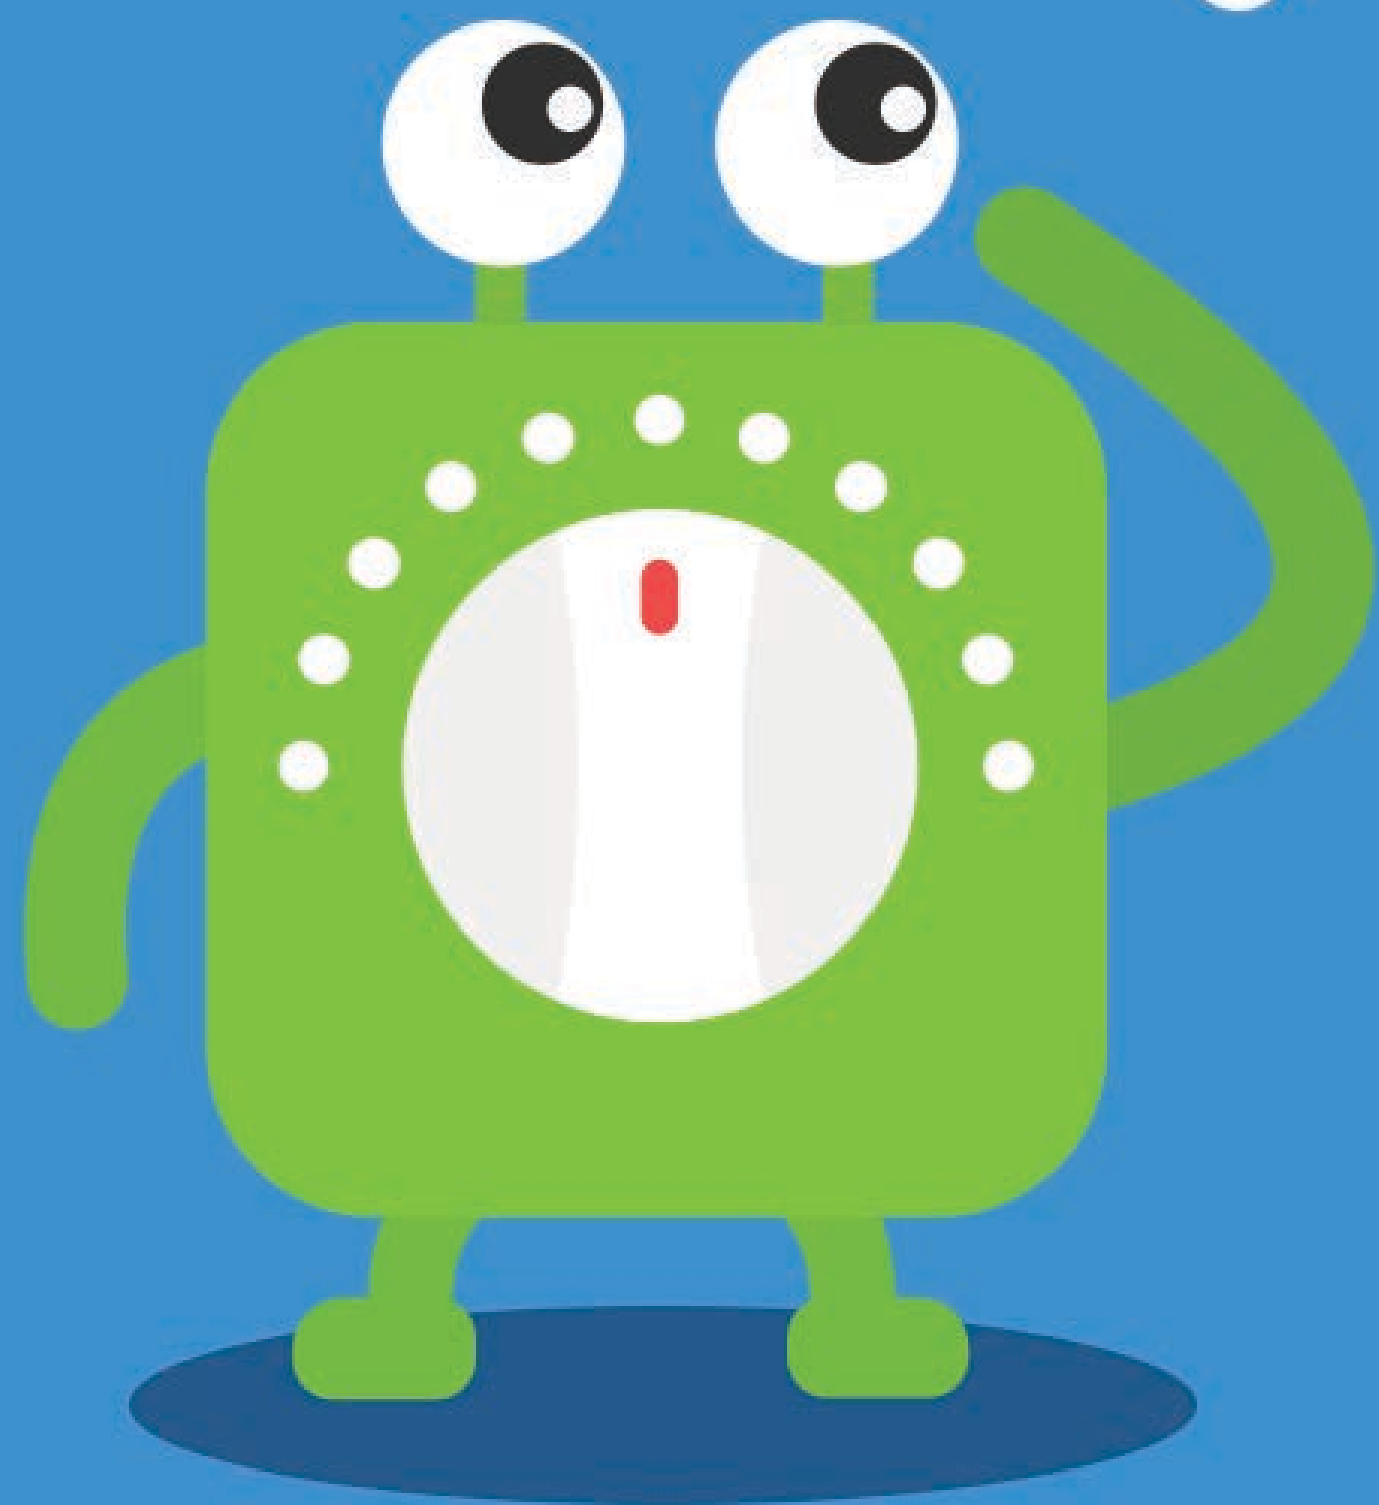

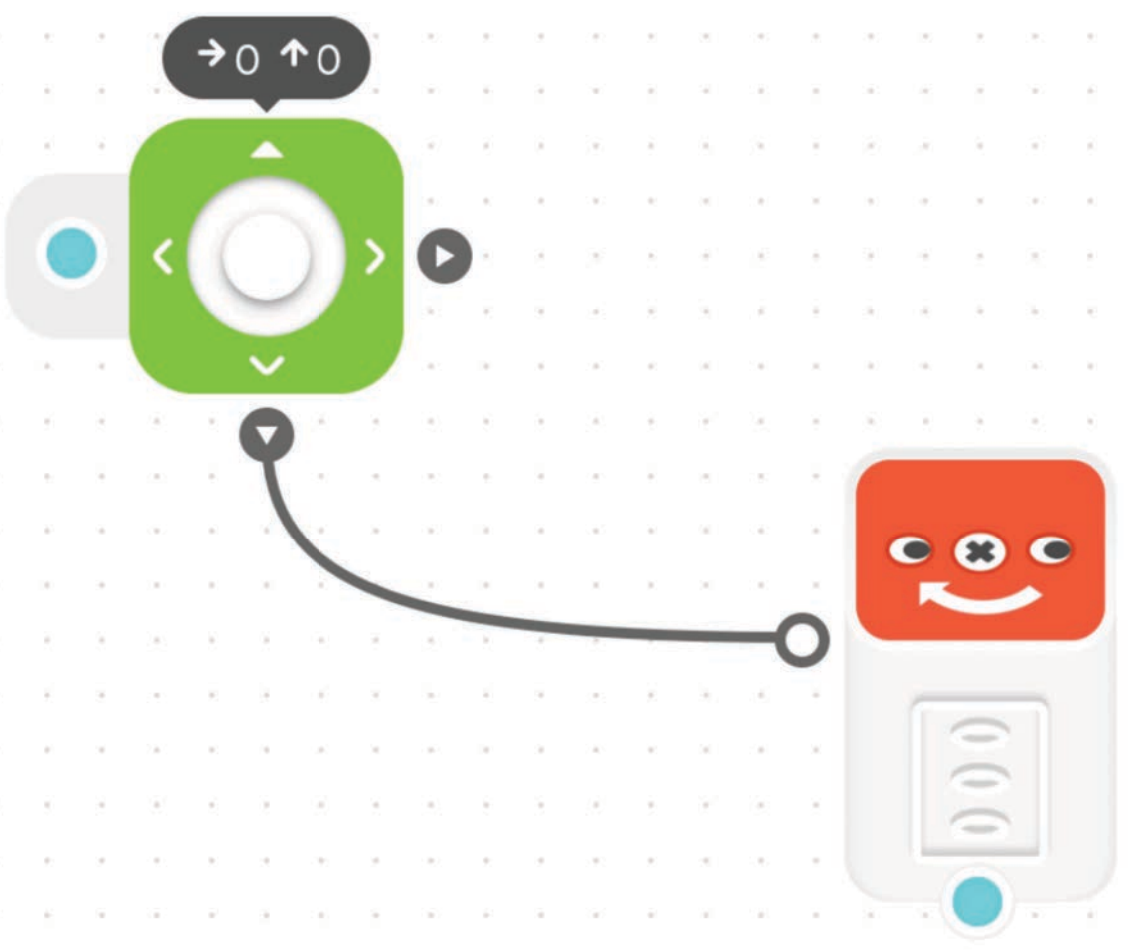

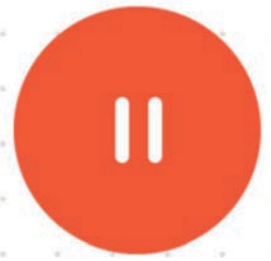

We gaan coderen

马达

舵机

按钮

旋钮

滑块

摇杆

开关

水平仪

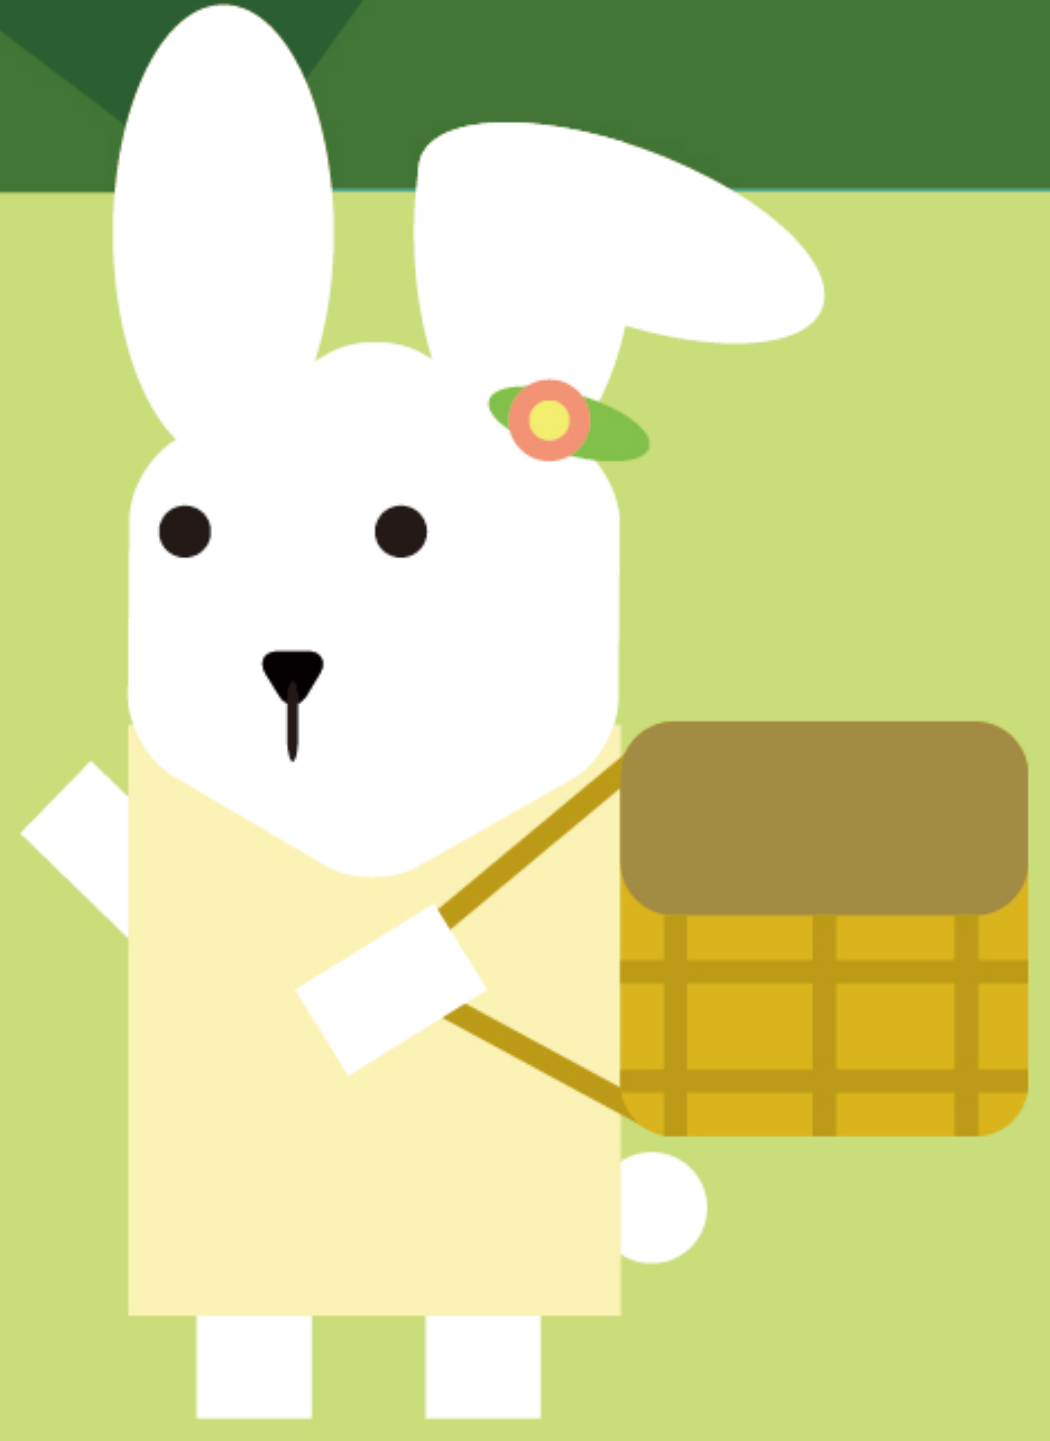

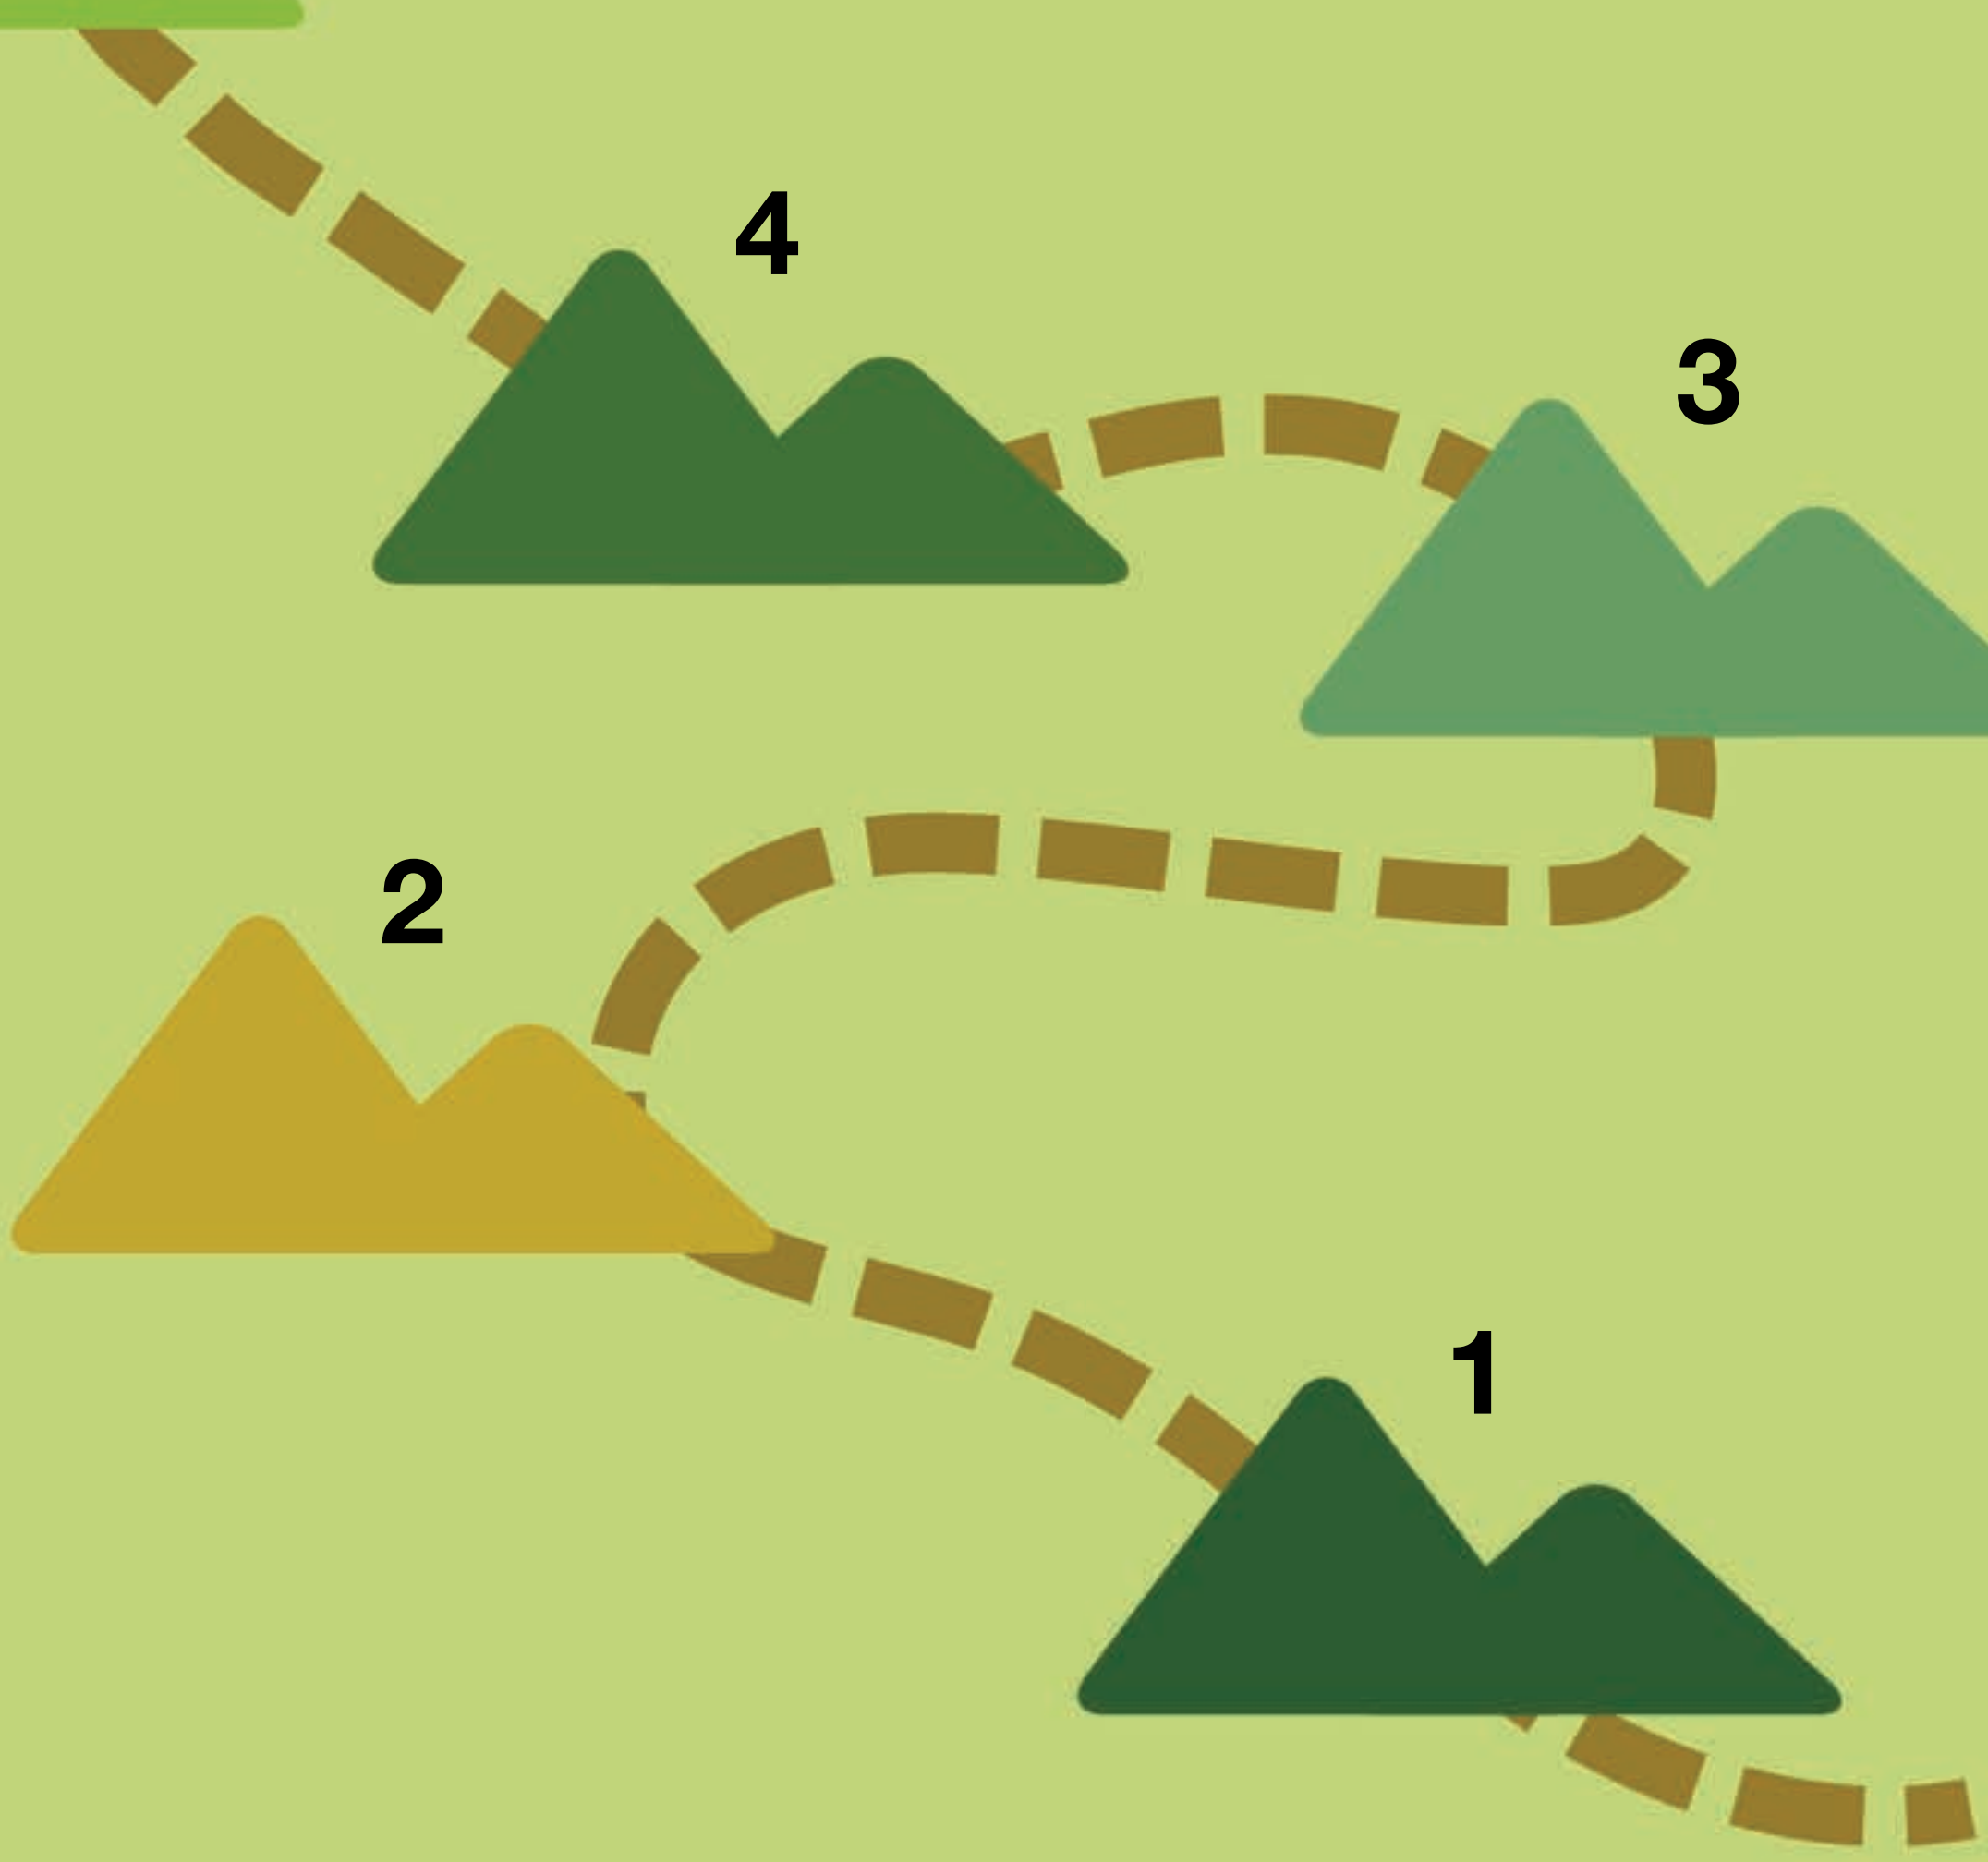

距离传感器

**PINKAMO™**

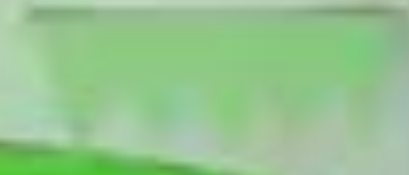

De volgende dag

**We gaan het konijn helpen met tellen**

We hebben  
een Quiz

**Deel je verhaal**  
**Ik kan nu ... zelf doen.**

Vandaag heb ik geleerd:

Wat een motor is en een joystick  
en hoe ze te programmeren;  
Herken de getallen 1-5 en kan ze  
in volgorde tellen

Ben je wel eens verdwaald  
geweest? Hoe heb je dit opgelost  
Vertel je verhaal aan ons!
